## PUMP TESTS SHOW WELLS PRODUCING

Ten shallow wells on the Henderson tract in Tracy recently placed on pump by P. E. Johnson of Tulsa, Oklahoma, are producing one-half barrel a day each. These wells are being pumped through more than 60 feet of mud and all of them were abandoned and idle until Mr. Johnson secured the lease several months ago. The tract on which these wells are located adjoins the Davis tract for which \$11,500 was paid by the Dixie-Winner Drilling Company of Temple. This lease has 115 acres.

The Johnson wells are the first to have been pumped successfully and continuously in the Tracy field. Mr. Johnson declares the well cannot produce to maximum in their present condition and when cleaned out and properly cased will make Tracy a producing field with oil in marketable quantities. The oil is the highest grade so far known to exist in Texas and Mr. Johnson says will bring more than \$5 a barrel.

Mr. Johnson is developing his lease and is now waiting for the arrival of casing to resume operations of a well nearly completed.

The first effort to pump wells in Tracy for marketable production this year, was by the Texas Eagle Refining Co., of Fort Worth on the San Gabriel holdings. This company also asked the co-operation of Cameron for the construction of a pipe line but nothing has been said about the proposition for more than two months.

Interest in local development for the week has centered about the deep test of the American Underwriting Company at Maysfield which is now drilling at more than 1400 feet. Reports have been current in Cameron for nearly a week that a strong gas flow has been hit in the well. This has not been confirmed.

Machinery has been assembled for the deep test on the Watt Farm by Judge Wade S. Stanfield and associates. The derrick which was blown down by the heavy winds of two weeks ago has been restored. It is expected that this well will spud in a day or two.

The Dixie-Winner Drilling Company of Temple has hauled out a big star 30 rig to the Davis tract in Tracy. The wells of this company, ten of them, will spud in with ten inch casing.

The Tracy-Maysfield Oil & Gas Company deep test at Maysfield has been hampered by quicksand. Their shallow well at Tracy is down near the first strata sand and it is planned to bring in this well as soon as possible.

The Oklahoma-Bell Oil Company will soon ship machinery here to develop their holdings in the Minerva section.

### J. H. MILLER DEAD

J. H. Miller, for many years a resident of Milam County, died Saturday in Temple from the effects of an operation in a local hospital.

Mr. Miller was born in Alabama October 4, 1853, and at the time of his death was 66 years of age. He came from his home in Alabama to Texas and settled in Milam County when a very young man. He settled near Branchville in 1873 and two years later, in 1875, the Miller family moved to Milam County from Alabama.

Mr. Miller was the brother of J. T. Miller, well known Cameron citizen.

He was married to Miss Emma Wilson in Robertson county who survives him. At the time of his death Mr. and Mrs. Miller resided in Temple. Mr. Miller was a contractor.

He is survived by his widow, Mrs. J. H. Miller, three brothers, J. T. Miller, D. E. Miller and A. P. Miller, all of Milam County; four sisters, Mrs. C. A. Johnson, Victoria; Mrs. M. E. Bryan, Elgin; Mrs. M. S. McFarland, Madison County; Mrs. Eva Randolph of Cameron.

The funeral was held Sunday at Little River Cemetery, where burial was made. Rev. McClung, pastor of the church, conducted the services.

## Hanover store Robbed Burglars Take Safe

Burglars who raided the Robertson store at Hanover last Saturday night carried the iron safe with them and up to late this afternoon no trace had been found of the safe. An automobile stolen from J. G. Vest of Cameron Wednesday night was found stuck in the mire at Cannon Snap, a small settlement near the town of Minerva. It is believed by officers here that the burglars used the car to pull the Hanover robbery.

The safe stolen contained no money but some valuable papers. This is one of a chain of burglaries committed in this county during the past few weeks and so far officers have not been able to make an arrest.

### WILL STAY IN CAMERON

J. N. Crawford, principal of the Cameron High School and director of the Cameron Concert Band will remain in Cameron for another year. He has been elected to the school faculty again and sufficient inducements have been offered to retain him with the band.

Goodrich Tires and Tubes. All sizes in stock. Wilkerson Bros. Garage.

Mr. and Mrs. Jeff T. Kemp were in Dallas Tuesday attending the State Democratic Convention. They were delegates from Milam County to the Convention.

## Anti Mosquito Drive in Full Blast; Move for Money Starts Tomorrow

### KIDD RE-ELECTED AS SUPERINTENDENT

ONLY PORTION OF FACULTY IS ELECTED FOR THE ENSUING YEAR

L. H. Kidd for a number of years superintendent of the Cameron schools has been re-elected to that position by the board of trustees.

Dr. A. S. Epperson, president of the board, has announced the following elections to the faculty for the ensuing year: J. N. Crawford, Principal; Miss Kittie Cain, Miss Curtis, Miss Amelia Williams, Miss Tennie Mae Bass, English; Miss Isla Reid, Latin.

Miss Motie Cass of Cameron, has been elected to teach Domestic Economy, a new course which is to be inaugurated in the school next year.

Athletic director and teacher for mathematics are the only positions not filled in the high school. The graded school teachers have not yet been elected.

### NEW CAFE OPENS

The Newport Cafe has opened for business in Cameron. It is located next door to the Lindsey Grocery, and one of the finest cafes to be found anywhere in this section of the State.

The Newport Cafe is established by Eugene Smith, Cameron citizen and business man. The building has been redecorated inside and fixtures of the most modern type installed. The walls have been paneled with mirror glass and a special lighting system installed.

In addition to the tables fitted out in one section of the eating room, a customer's counter the full length of the room has been installed with modern seats and facing a plate glass counter with arched fixtures used for pastry.

Mr. Smith has answered a very wide demand for a first class cafe in Cameron.

A. R. Triggs, manager of the Triggs Dry Goods Company in Cameron left last night for Houston where he will spend today on business, returning home Friday.

### SENIOR CLASS PLAY TONIGHT

FOUR ACT PLAY WITH SUPERB  
MUSICAL SPECIALTY FURNISHED BY JUNIOR CLASS

Tonight will be one of the feature nights of commencement week. The Senior Class decided sometime ago to put on a class play that would exceed anything ever done in our high school along this line. They have been working faithfully for quite a while and are now ready to present to the people of the town a four act comedy, "Margery, the Society Mouse."

The Junior Class is to present a spectacular musical specialty in which will be found a combination of soft music, soft lights and soft voices. The entire production will be supported by the Cam-Hi Orchestra.

All seats in the house will be reserved and will be sold for the same price of fifty cents to all.

A few good seats are left and can be had by phoning Mr. Crawford at the high school.

H. D. Knickerbocker of Wichita Falls, perhaps the most sensational preacher in the world, not excepting the great Billy Sunday, is in Cameron today.

The Rev. Mr. Knickerbocker will deliver his famous lecture in the Methodist Church Saturday night. The subject will be "How to get married, stay married, and be happy, though married." This sermon embodies striking personality, keen wit and humor, tears and thrills. It has become famous all over the country and Cameron waits with anxiety the hour set for the lecture.

A warning has been issued which reads thus: "Come early to get in, as this wonderful speaker has 'standing room only' signs wherever he speaks." Forty laughs, ten tears and ten thrills in sixty minutes.

At eleven o'clock Sunday morning Rev. Mr. Knickerbocker will speak at the Methodist church. Subject: "Spiritual Millionaires." At 8 p. m. he will speak again. Subject: "The Meanest Man in Cameron." If it hurts you to laugh stay at home. You will laugh and you will cry.

Preparation has been in progress all the week by Rev. Ira F. Key pastor, and others, for the speaking. Much stress is being laid on the Saturday night lecture.

Sunday morning the Methodist people of Cameron will launch their drive for \$75,000 to be raised for the construction of a new church building, plans for which have already been approved, by the board of stewards.

The construction of this magnificent building in Cameron is a great achievement for Methodism as well as for the material and spiritual welfare of the city. The board of stewards is behind the movement and the pastor, Rev. Key, in this great undertaking.

The new building will occupy the site of the pastor's house fronting south with the Federal building. The old church will be torn down and such material as suitable will be used in the construction of the new edifice.

In this great and important undertaking the Methodist church has the support and good will of all Cameron and their success in the project will strike a chord of applause from every side.

An invitation is extended to all Cameron to hear the Rev. Mr. Knickerbocker Saturday and Sunday. He has the most wonderful record of any preacher in Texas and has been pastor of the leading churches in Dallas, Fort Worth, Waco and Temple. His appearance here will be in connection with the campaign of the Methodist church to raise funds for the new building.

### CARD OF THANKS

We take this means of expressing our appreciation for the sympathy and assistance rendered us in the death and burial of our husband and brother, J. H. Miller. May God bless every one of you. And we wish to especially thank the good preacher for his ministrations at the grave.

Mrs. J. H. Miller,  
Mrs. Eva Randolph,  
J. T. Miller.

## Meet Today to Consider a Filtering Process for Water System Here

The city council of Cameron will be called into session at four o'clock this afternoon by Mayor U. S. Hearrell to consider the installation of a filtering process for the water supply in the city.

Mayor Hearrell in announcing the meeting this morning said that the process to be installed will cost approximately \$1000 but will insure pure drinking water for the city.

The cost of installing the filtering system will be borne by the Water and power company, Mayor Hearrell states. The cost will be light compared with the immense benefits to be derived from the filtering system. Drinking water is now being pumped from the river to a settling lake and thence to the standpipes.

BIG ELK COMPANY  
TO CLOSE FOR SITE

Announcement is made this morning by John Bertrand, general manager of the Big Elk Refining Company that the company has made arrangements to close for an option of forty acres of land between the Sap and Santa Fe roads in Cameron for the construction of a refinery.

Negotiations have been under way for several weeks. If the option is secured the company will later buy the site. The land is located between the double track of the Santa Fe and is one of the most desirable refinery sites in the entire county.

Rapid development in the oil fields of Milam county combined with the prospect for a big production in a short time has caused the officials of the company to speed action in securing this site and other things necessary to the construction of the refinery.

### HAS RE-ESTABLISHED PLUMBING BUSINESS

L. C. ESTELLE ANNOUNCES HE  
IS AGAIN ENGAGED IN BUSINESS HERE.

L. C. Estelle, well known Cameron citizen and plumbing and heating expert, announces this week that he has again entered the plumbing business in Cameron. At the present time Mr. Estelle is located near the power plant at telephone 136.

Mr. Estelle was engaged in the plumbing and heating business here several years and his friends will welcome his re-establishment of the business in Cameron.

Mr. Estelle has secured the services of expert plumbers to assist him in the business. On or about June 1 he expects to occupy permanent quarters near the Cheeves Brothers dry goods store.

Among the heating and plumbing contracts handled by Mr. Estelle in Cameron is the new Federal Building constructed throughout according to government specifications. The work has been entirely satisfactory and reflects something of the skill of Mr. Estelle as a contracting plumber.

### BLAYLOCK BACK FROM CONVENTION

CAMERON PASTOR WILL TELL  
CONGREGATION SUNDAY  
ABOUT THE MEETING

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, returned late last week from the Southern Baptist Convention in Washington. Rev. Blaylock went as a delegate to the Cameron church.

The Washington convention, he says, was one of the most successful held in years and was marked by an attendance of ten thousand or more Baptists.

While at the convention Rev. Mr. Blaylock heard Dr. George W. Truett of Dallas deliver his now famous address under the shadow of the senate chamber at the capitol, in which he pleaded for the league of nations covenant and sharply rebuked those who are responsible for its defeat.

The sermon by Mr. Blaylock Sunday will contain to some extent a reply to an attack made on the convention by a certain Texas newspaper edited and published by a former state official.

HOUSE FOR RENT—Furnished house for rent during June, July and August.—C. H. Pollard.

Mrs. Susie Williamson Sloan and son, William, accompanied by her nephew, all of Monticola, are in the city visiting relatives and friends.

DELEGATION HEADED BY  
CONE JOHNSON OF TYLER

Dallas, May 26.—The state Democratic convention late tonight adopted a platform giving President Wilson greatest praise as leader of the Democratic administration and the manner in which he had brought the United States in position as a dominant factor in world liberty; favoring the League of Nations without reservations and condemning the senate for failure to ratify it, putting blame on the Republican party for defeating good and just measures to serve party ends, for failure to effect economy in government expenditures and for failure to revise existing tax laws; commending the Texas legislature for ratifying the suffrage amendment, reaffirming its support to advancement of labor; instructing the delegation to the national convention to vote as a unit against modification or nullification of existing legislation by authorizing the sale of beer and light wines; reaffirming its desire to aid wounded soldiers and urging action in aiding soldiers to acquire homes, standing for fair politics and clean elections and adopting the unit rule for the Texas delegates at the national convention.

The convention also adopted several resolutions offered by Thomas H. Ball, urging the development and utilization of labor and co-ordination with other transportation lines to relieve freight congestion; urging construction of permanent highways; requesting the Louisiana legislature speedily to ratify the amendment to the United States constitution providing for equal suffrage for women.

The convention adopted a resolution to send the delegates to the national convention uninstructed as to its vote for presidential nomination, but commending William Gibbs McAdoo to consideration of the Democratic convention as worthy of the high office of President.

The resolution follows: The Democracy of Texas, in state convention assembled, sends its delegates to San Francisco uninstructed, that it may confer and set with all delegates to the Democratic national convention, who are mindful of the supreme importance of nominating and electing a President who will apply true Democratic principles, in meeting and solving the many and important problems, national and international, which press for wise and patriotic solution. We cordially commend William Gibbs McAdoo to the consideration of the San Francisco national Democratic convention as a great constructive Democrat, worthy of the high office of President and as a fit successor to those illustrious occupants of that position who have stood for Democratic principles and ideals of government from Thomas Jefferson to Woodrow Wilson.

### E. A. CAMP NAMED PRESIDENTIAL ELECTOR

Dallas, Texas, May 26.—Hon. E. A. Camp of Rockdale, was chosen as Presidential Elector from the Sixth Congressional District among the delegates to the Democratic National Convention.

The following were chosen from the district: J. Ross Bell, Teague; A. M. Frazier, Hillsboro. Alternates: J. A. Thompson, Corsicana; Dr. J. O. Holton, Limestone County. Electors: E. A. Camp Milam County.

Hon. T. S. Henderson of Cameron, a delegate to the State Convention, was endorsed by the county convention here as a delegate to the national convention. He was nominated as a delegate to the national convention by Dr. H. W. Cummings of Robertson county. Mr. Henderson nominated former Governor Thos. M. Campbell of Palestine as a delegate to the national convention. The name of Mr. Campbell when called by Mr. Henderson on the floor of the convention was greeted with an ovation.

30x3½ Silver Town Cord in stock.—Wilkerson Bros. Garage.

## BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, May 24.—Mr. Grady Slone was home from Daniel Baker College during the past week-end.

Mr. and Mrs. F. N. Craven of Sharpe, were here Sunday afternoon.

Reverend Crouch of Baylor University, preached at the Baptist church Sunday morning and night. He came in Reverend Kelly's place. At both times he had an unusually good crowd in attendance. His sermons were most excellent.

Misses Aubyn Hitt and Naomi Criswell of the Jones Prairie and Sharpe schools respectively came home last week, their schools have closed for the summer.

Miss Eudora Guess of Rogers, is here visiting relatives.

Mr. B. B. Ray was in Cameron Saturday.

The following candidates were in this city Saturday: Miss Lelia Woolley, Bob Todd and Dick Clark.

Mr. and Mrs. T. F. Criswell left Sunday afternoon for Galveston, where they will spend several days attending the Bankers' Convention.

The ladies of the Baptist church had a great success with their dinner which they had in the Fisher building Saturday. They served dinner from twelve to two o'clock. In the afternoon they served cream and cake. From six until eight o'clock they served supper. They took in about ninety dollars, clearing about seventy dollars. This money will be used to increase the organ fund.

Miss Ada Belle McGuire of Maysfield was here Sunday afternoon to see friends.

Mr. A. Bartz of Cameron, was here one day last week selling mules.

Miss Vera Ewing is expected home Tuesday to spend her vacation with her parents, Mr. and Mrs. G. L. Ewing. Miss Vera is a member of the Junior Class of the Temple High School.

Dr. J. Z. Young was in Cameron on business Saturday morning.

Mrs. Tom Harris and daughters, Misses Idell and Estell, were in Holland during the week-end to visit Mrs. Dora Allen.

Mr. and Mrs. Dick Clark of Cameron were here Saturday for the Baptist dinner.

## BIG AMERICAN RUBBER PLANTATION

The fascination which the strange lands of the Far East have held for the average American is taking a more tangible form, now that travel and business are bringing Asia and the United States into closer contact.

No article of commerce is doing more to bring this country into close touch with the mystic East than rubber. The rapid rise to supremacy in the production of crude rubber of the islands of the Indian Ocean, combined with the fact that America consumes nearly three-quarters of all the rubber grown there, has given many Americans an opportunity to peep behind the scenes and become acquainted with the lands and peoples of that distant quarter of the globe.

Although the whole equatorial belt in that section is dotted with rubber plantations, representing a capital investment of nearly half a billion dollars, the thoughts of Americans naturally center on Sumatra where one of America's greatest corporations has established a plantation so vast in area and so highly developed that it stands out as the greatest single plantation in the world. This is the plantation of the United States Rubber Company, comprising seventy square miles of growing trees, an enterprise marked throughout by a magnitude and an efficiency worthy of the best American traditions.

By producing its own rubber the company is in a position to establish a uniformity in its manufactured product, especially United States tires, such as rubber manufacturers have long craved.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

## BILLIE MAREK

Cameron, Texas

Mr. B. J. Minor of Tracy was attending to business in Cameron Monday.

## Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

Mrs. Alice Owen spent the week end at Watts' Switch.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

K. P. LODGE ENTERTAINS  
Members and candidates who were initiated at the regular meeting of the Knights of Pythias Lodge in Cameron Monday night were treated to a

refreshment course as a surprise arrangement by Fred Henry, keeper of the record and seals.

A good number of members were present to enjoy the initiation cere-

monies as well as the ice cream and cake refreshment course.

The lodge is quite active at this time and each meeting sees the initiation of candidates for the degrees.

## MORE OUTLETS—MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

## ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

LET US ESTIMATE.

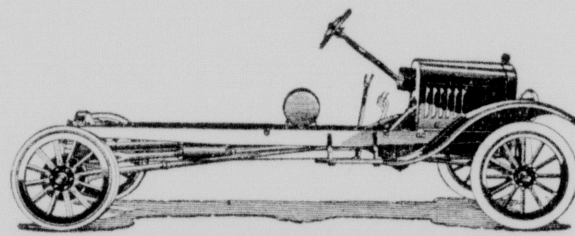

ALL KINDS OF TELEPHONE REPAIRING.

Announcement  
Extraordinary

## Ford Trucks

The big assembling plant of the Ford Factory at Houston, which has been inactive due to the rail tie-up over the country, has resumed operation and will now be able to make prompt delivery on FORD TRUCKS.

Our first shipment from the assembling plant will be a car of trucks for which we have a great demand.

To those who have not placed their order for fear of not being able to get trucks, can now give their order with the assurance of early delivery.

It will no longer be necessary to wait for deliveries as the assembling plant has resumed operation with a bigger capacity of output.

We take pleasure in making this announcement which will be welcomed everywhere by truck purchasers and those who wish delivery on their truck purchases.

# OPPORTUNITY

Poverty is a world old curse. Millions die paupers every year—Hopes are dashed to pieces on the rocks of adversity and ambitions go unrealized because opportunity knocked and no answer came. Judgment is necessary—think it out for yourself. Opportunity may knock once, twice or many times, but it is better to answer the first rap. Will your hopes go on the rocks? Will ambition be strangled by indecision?

Thousands are turning their faces to MILAM COUNTY. Will you be in on the first big thrill? Will you have the satisfaction of wise investment when the news flashes like a jet flame: "BIG GUSHER COMES IN?"

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

## What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at \$2.40 per barrel	\$4,800.00
Fuel, Labor and Water per day	250.00
Insurance and Depreciation	50.00
Overhead and Miscellaneous	50.00

Total Daily Expenses \$5,150.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

# WILL TEST WHETHER STOCK DIPPING LAW IS CONSTITUTIONAL

MILAM COUNTY MAN TAKES FIGHT TO THE COURT OF CRIMINAL APPEALS

Austin, Tex., May 26.—The entire tick eradication law is void and unenforceable because it was enacted in direct and explicit defiance and disregard of Section 32, Article 3 of the State Constitution, is the contention made in the habeas corpus case of ex-parte J. M. Leslie, from Milam County, filed today in the Court of Criminal Appeals. According to the record Leslie is charged with failing to dip live stock as is provided in the tick eradication law. He claims he is being illegally restrained of his liberty and seeks his release through a writ of habeas corpus.

Allegation is made that the law is unconstitutional because it is unreasonable and uncertain, and that no reasonable time is allowed defendant to dip cattle after service of notice by the Live Stock Sanitary Commission, and because it denies defendant equal protection of the law.

The above dispatch will be of general interest to the State at large, and of particular interest in Milam County, where tick eradication is now under way.

Mr. Leslie is a citizen of the Sipe Springs community. His case was to have come up in Justice Court at Rockdale last week, but by agreement he refused bond and went to jail, then sued out a writ of habeas corpus in order to carry the case over the local courts up to the Court of Criminal Appeals, thereby insuring an earlier decision by the usual slow procedure of taking it up through the county and district court.

A number of similar cases against other parties in this section of the county have been continued, awaiting the settlement of this case.

Attorney W. A. Morrison of Cam-

eron is representing the element opposed to dipping. Mr. Morrison first gained prominence in this county by opposing the town stock law ordinance when it was first adopted in Rockdale about twenty years ago, and it seems he is still fighting the battles of "Old Pide."

The outcome of this case will be awaited with great interest, as there is strong opposition in certain sections of the county to the dipping law. —Rockdale Reporter.

A bad sprain heals slowly if not treated with a remedy that has the power to penetrate the flesh. Ballard's Snow Liniment is especially adapted for such ailments. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace Marshall Drug Co.

## "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Messrs. C. K. Stribling, and W. A. Gentry, brother and nephew of Mrs. W. A. Morrison, came through Cameron Tuesday en route for Bryan. Mr. Stribling has a son at A. & M. College. Mrs. Morrison joined them and is visiting her daughter, Mrs. Willard Chambers.

Mrs. Tom Henderson, Sr., and daughter, Miss Mary Lake, spent last Thursday in Waco.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

Miss Clark, who has been teaching the past year at Brady has returned home to spend the summer with her parents, Mr. and Mrs. W. J. Clark.

Mr. and Mrs. Walter Stitt and Miss Ruth Stitt, of Taylor, spent Saturday, and Sunday in Cameron.

## Cornell Wood Board

For Homes ——— For Garages

THE ANSWER TO THE HOUSING PROBLEM.

The problem of high rents and scarcity of quarters is being solved for thousands of American homes by the use of Cornell Wood Board for walls and ceilings. Strong, Rigid Cornell panels that take the place of plaster, ship lap ceiling, quickly and inexpensively convert waste space such as the attic or spare room into an attractive, cozy guest-chamber, nursery room or den.

Every panel of Cornell wood board is guaranteed not to crack, warp, buckle or chip. Get us on the phone or call at our yard today for sample of this remarkable board.

## PRIZE WINNING LETTER TRADE AT HOME

By Lee R. Tag

The United States is growing in population every day. The returns from the recent census show this. To meet the conditions that must eventually arise from this, better means of transportation must be had. The railroads cannot handle all the traveling and shipping because they cannot put enough trains out to carry this flood as it would endanger the lives of the people.

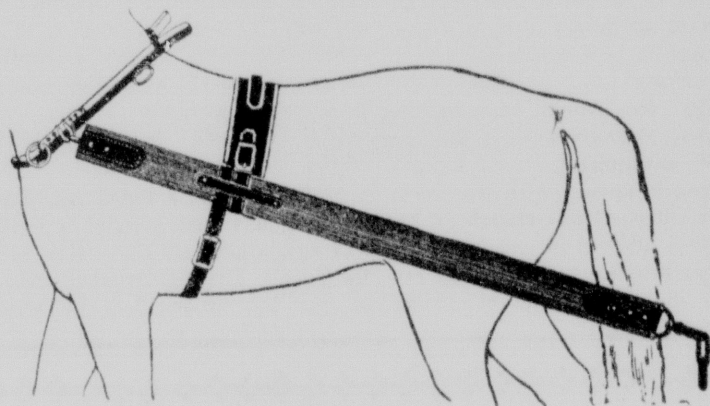

Therefore, other means must be installed. The motor truck and automobile have so far remedied this to a certain degree. The automobile must have good roads and roads must be built and kept up by taxes. Taxes are governed largely by the income of a person. Now if you trade at home the merchant which sells the goods to you will have a larger income and consequently will have to pay more taxes to keep up the roads.

The merchant must have goods from the wholesale house and he can get them quicker if they are shipped by truck. For example, suppose your wife wishes some fresh vegetables for dinner. She orders them from the

grocer and furthermore she knows they are fresh because a truckportation company makes daily trips from the growers and delivers them to the grocer fresh. Suppose the roads were bad and the truck was too late for your wife to get the vegetables for dinner and you are deprived of a good dinner. Now just suppose you had not traded at home, wouldn't this have been partly your fault.

Do you do yourself justice by trading at home? If you don't trade at home don't complain because your children are not happy. You may ask why? For this reason: If you trade at home the money stays here and helps you pay for the public playgrounds and parks. You, as a parent, wish to see your children bright and happy and these parks and playgrounds are the stimulus to better learning.

Set an example for your children that they may live better, and while you are setting an example for future generation you are saving up money for a rainy day. Trade at home. It is best in the long run.

Concord Hames, 3-inch single ply traces, 3 1-2 inch Back Band, 11-4 in. Belly Bands; all A1 home made goods for only \$33.00 a set. The same harness in 31-2 in. traces \$38.00  
**F. J. BECKERMAN, Cameron, Tex.**

### LET'S HAVE NO MORE WAR

The greatest incentive of the  
American people in their whole-  
hearted support of the World War was  
the belief that Allied success meant  
the end of war, would be signed by  
the establishment of some interna-  
tional agency by which the cruel and  
barbaric custom of war could and  
would be curbed. But, the dream is  
being dispelled, and the plain people  
—those who pay for war in blood and  
treasure—see no real substance yet  
gained.

Considering the great glory and ad-  
vertisement which has surrounded war  
in the past it is a wonderful tribute  
to the sorrow and punishment it  
brings that the growth of sentiment  
has been so strongly against the sav-  
agery it exemplifies.

The trouble always with the world,  
sick as a whole of war slaughter, has  
been that it allowed its condemnation  
of the war practice to be entirely re-  
troactive, and only within recent de-

cade has the social mind began the  
practice of this condemnation in ad-  
vance. The delay of the United  
States in entering the World War  
was due almost entirely to this fact,  
for in the United State (as the 1916  
elections showed) the sentiment was  
an idealistic opposition to war itself,  
made practical by avoiding as long as  
possible.

One of the main weapons against  
the general art of war is full publi-  
city of all its details. The public is too  
often fed with pictures of smashing  
offensives, victorious generals and  
visions of a discomfited enemy rather  
than the personal details of the  
general slaughter, and a description  
of their own army's losses and suf-  
ferings. The Allied reading public  
for example, snatched eagerly at de-  
scriptions of battle in which the de-  
struction of the enemy was described,  
forgetting the fact that the same ad-  
jectives and descriptions were being  
used by German writers to picture the  
plight of allied troops to the German  
people. Both sides busily engaged in  
telling about the other fellow's trou-  
bles!

This practice of concealing or glos-  
sing over the sufferings of warfare is  
passing. We are now coming to an  
era when even the failure of generals  
will be made public—but we haven't  
gotten yet to the place where these  
shortcomings are made known dur-  
ing the war. This is another recog-  
nition of the public's sickening of  
war and its slaughter, for governments  
have to exercise a strenuous censor-  
ship, or concealment, of the real facts  
of battle in order to keep their citi-  
zens willing for the war to continue.  
Of course, we recognize this necessity  
in wartime, and are pointing it out  
only to emphasize the general attitude  
of the public toward war.

Phillip Gibbs, a noted war corres-  
pondent, has just printed a book of  
war revelations, entitled, "Now It Can  
Be Told." His candor shatters some  
of the conceptions and pictures of

our militarists. Instead of picturing  
entirely the glory and greatness of  
commanders Gibbs has dared to call  
attention to their incompetency at  
times, when the penalty paid was  
thousands of human lives. Here, for  
example: "The 4th Austrian Division  
lost 3,000 men in an experimental at-  
tack directed by the Fifth Army." And,  
how do you imagine, the rela-  
tives of 3,000 men may feel? Or,  
again, from Gibbs: "Out of 3,000  
men in the Canadian 8th Army Brig-  
ade their casualties were 2,200." No  
wonder he can draw pictures of the  
"butcher's shop" where surgeons op-  
erate and throw out their cartloads of  
amputated arms and legs!

Our writers picture too much the  
glory of warfare. Our children are  
soaked in militarism from the infan-  
cy, histories are only a record of ar-  
mies in battle, whereas the art and  
achievement of civil life and indus-  
trial activity remains in technical  
books. Even preachers illustrate their  
talks about the Divine Love of Christ  
with illustration taken from the car-  
nage of battle. Phillip Gibbs has  
told a different story, he has brought  
out the other side of warfare, the  
side that military exigency and cen-  
sorship kept back until after Ger-  
many was beaten.

And so statesmen and rulers must  
answer to the people now that civil-  
ization though surviving at the point  
of the sword, is made secure, for any  
failure to guarantee against war.

### GUARDING THE PUBLIC HEALTH

A timely service to the public  
health and a conspicuous alertness for  
the best interests of the city are made  
manifest in the movement undertaken  
by Mayor U. S. Hearrell and the hon-  
orable city council of Cameron acting  
in conjunction with the State Board  
of Health to exterminate the mosqui-  
to and to improve sanitation gener-  
ally.

The health campaign the most im-

portant and among the first of the of-  
ficial acts of Mayor Hearrell into  
whose hands the reins of government  
were thrust by a unanimous suffrage  
in the late election forecasts an active  
service to the city and reflects some-  
thing of the public spirit of the coun-  
cil.

The anti-mosquito campaign not only  
tells something of the desire of the  
Mayor to improve sanitation in the  
city and to guard against disease but  
reveals a very pronounced menace to  
the public health, which, perhaps, with  
out the inauguration of the campaign  
would pass unheeded.

The health campaign has revealed  
bad conditions in sections of the city  
and has brought to light glaring ir-  
regularities in the drainage system of  
the city, the improvement of which  
will be one of the prime objects of the  
campaign. The Mayor has in mind  
legislation which will force sewerage  
and improve the drainage system. He  
also has in mind supplementary legis-  
lation which will require modern  
methods in sanitation.

The success of this health campaign  
will depend very largely upon the co-

operation extended by the rank and  
file of citizens. It is a worthy move  
and will result in a very decided  
benefit to the city.

### VISITS CAMERON

S. W. Ditto, Evangelist of Snyder,  
Scurry County, was in Cameron late  
last week on his return home from  
Ira, Texas, where he has just closed a  
very successful revival meeting.

Mr. Ditto is well known in Cameron  
and Milam county and his friends will  
be glad to learn of his visit. He de-  
clares the western country is in  
splendid condition with an ever in-  
creasing tendency to take the lead in  
development. He says that oppor-  
tunity waits for those who would  
come to the west.

If you want good work, bring your  
car to a good mechanic.—Wilkerson  
Bros. Garage, Phone 5.

Burlington user—14,500 miles in

## 3 million Dollars but— It bought MUSIC

No finer example of courage is known to the world  
of science than Thomas A. Edison's work in perfect-  
ing the phonograph. The skeptics rose in full chorus  
when he proposed a better phonograph,—an instru-  
ment "that could produce music as human as the ar-  
tists who first gave it utterance."

Mr. Edison's experiments exhausted the entire  
field of research in sound reproduction. He  
built and rebuilt until his final, perfected model  
cost him Three Million Dollars.

### And the Result?

Ask someone who attended the Betsy Lane Sheppard  
recital Tuesday night, April 27. There was the pub-  
lic proof. Miss Shepherd sang in comparison with  
the RE-CREATION of her voice by the New Edison  
and no one could distinguish the living voice from its  
RE-CREATION.

## THE NEW EDISON

"The Phonograph With a Soul"

If you love music you will agree with the enthusiastic  
audience of Tuesday night, April 27—the New Edi-  
son represents Three Million Dollars well spent.  
The soul of song is cheap at any price. Yet it is now  
brought within the reach of your pocketbook. The  
instrument used in the conclusive test is a duplicate  
of Mr. Edison's Three Million Dollar Model. It sells  
for \$295.

## "JUDY OF ROGUES' HARBOR"

A Tale of Youth, Faith and Love

Book By Grace Miller White

Scenario by Clara Beranger

DIRECTED BY WILLIAM DESMOND TAYLOR

With the fury of a tigress defending her young,  
Judy jumps at "Grandpop" Ketchel and Jim Shuck-  
les to protect her little cousin Denny from their  
incessant brutality.

She carries her troubles to the Lady of the Roses  
who lives in the haunted house. The Lady teaches  
Judy the power of faith and the wonder work of  
love—and in her little heart she resolves to win over  
with love her cruel grandfather.

"Judy of Rogues Harbor," is a story that carries  
with it conviction. It is full of intense situations,  
human interest, thrills, throbs, love and laughter.

#### OAKDALE NEWS

By Mrs. S. Hause

Oakdale, Texas, May 24.—Everyman in this part of the country is fighting the grass. One working one way and others working some other way.

Mr. Victor Wimberley of the Prospect neighborhood went to Sid Hause's Monday morning and got his mule and some gear and cultivator. I heard a man say yesterday he wished he had two or three cultivators for a day or two.

Mrs. Cook and daughter went Monday morning to Mr. Cook's at Rice to meet Mrs. Ferguson of Sweetwater. She has come to see her father and other relatives.

Hugh Wimberley went to see friends near Milano Sunday.

Little Elnora O'Neal cut her foot very badly one day last week. She is doing very well this morning.

Mr. and Mrs. John Thompson of Oakwood, Leon County, are with their son, and Saturday they went to Cameron with Mr. O'Neal. Mrs. Victor Wimberley went with them also. She had some dental work done. She went to Temple one day last week to have her eyes treated.

Mr. Theo. Ashebeck and mother went to Cameron Saturday morning, and from there Mrs. Ashebeck went to Temple to see her granddaughter, Miss Sophia Beckhusen. She reports her getting on nicely.

Mr. W. A. Belt and little daughter went to Cameron Saturday to see his wife, who has been at the Sanitarium for about seven weeks. She was so much better that he brought her home.

Mr. G. W. Batey went to Cameron this morning on business.

Mr. Worcester of Cameron, passed one day last week with a nice bunch of cattle, taking them to his pasture below Milano.

Mr. and Mrs. Eugene Hause spent a few days in Gause last week. They brought their daughter, Miss Johnnie, back with them Monday, and Sunday they all went to Rice to hear Bro. Russell preach. They heard two sermons and came back so they could go to work in the field. He said they had corn as high as his head.

Elbert O'Neal was in Cameron Saturday to see his sister, Mrs. Roy Hawbaker.

There were some of our men that

got put in for not dipping their cattle. It cost them somewhere about twenty-five dollars each.

Mr. and Mrs. Clyde Hensley were in the Liberty neighborhood last Sunday to his grandmother and his mother, Mrs. Sallie Hensley of Houston.

Mrs. Hensley came to see her mother, Mrs. Westbrook who is reported sick.

Mrs. Mike Turney of Gatesville, has

been to see home folks at Liberty.

Mrs. George Hardcastle of Gatesville, has been at Liberty to see relatives.

Miss Fannie Miller of Alvin, is visiting friends at Liberty.

Mrs. Johnson and Miss Blanche Green of Pin Oak were trading in Cameron last Saturday.

Mrs. Mary Herbst of Pin Oak is selling nice frying size chickens.

Mrs. M. J. Didd has returned to her home in Cedar Creek from Buffalo, where she has been spending some time with relatives.

Mr. and Mrs. Oscar Crawford and children went to see his father, Mr. Pete Crawford, in the Cone Switch neighborhood Sunday.

Mrs. Tom Henderson, Sr., and daughter, Miss Mary Lake, spent last Thursday in Waco.

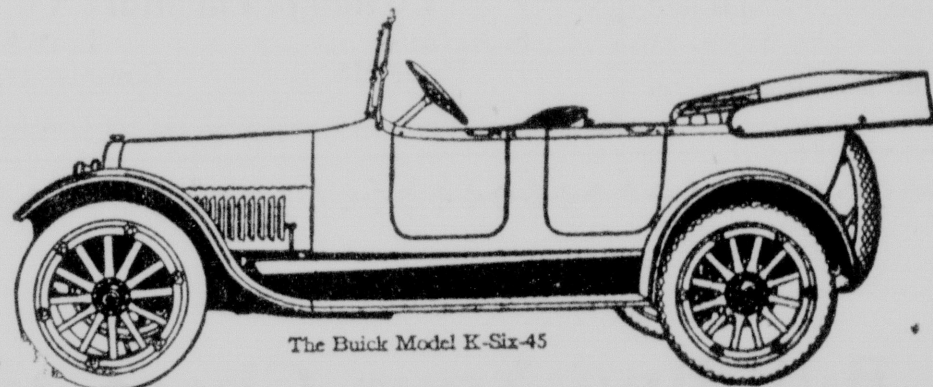

**T**ODAY is your opportunity to place your order for delivery of a Buick Valve-in-Head motor car—to-morrow, next week, or longer delay may cause your waiting thirty, sixty or ninety days in securing delivery. Buick demands are increasing steadily each day—and present purchasing is advised as a protection in future motor car delivery. It is a vital and important subject that demands the immediate consideration of motor car purchasers, for Buick dealers already are receiving hundreds of orders for the summer and fall months.

Should you prefer earlier delivery, take advantage of to-day's opportunity in placing your order.

## FARMERS VIEWS ON STRIKES SET OUT IN COMMUNICATION

SOLEMN PROTEST AGAINST INJURY TO MILLIONS WHO PRODUCE AND HAVE NO RECOURSE.

Views of the farmer on the national strike questions are set forth in a communication from Washington signed by E. A. Calvin, Washington representative of the Cotton States Board, and others, received here by R. L. Batte, widely known and influential farmer, stockman and manufacturer in Milam County.

The communication which strikes a note of warning that the farmers' view national strikes as unjustifiable where the welfare of millions who produce is involved. The letter received by Mr. Batte is as follows:

So much has been said in justification of the organized strike that we deem it advisable to outline the position of the farmers of the country upon this all-important question at this time. We desire to discuss the question more particularly as applied to the railroads for the reason that the farmers are more directly affected by railroad strikes than strikes in other lines of industry or commerce.

The statement has been made so often and kept to the front so continuously that organized workers have inherent right to strike, when and wherever they please, that the public generally has accepted the statement as being true and, as a result, strikes have, in times past, received to some extent the support of public opinion. Recent events and happenings, however, indicate that the country generally is giving this question serious consideration and, as a result, there is a growing demand that some other method be employed to bring about the settlement of controversies between employer and employee. The demand is more pronounced on the part of the farmers of the United States than many other classes for the reason that they are affected more directly than most other classes. The farmers develop a section of country adapted to the production of perishable products. They spend vast sums

of money in building houses and barns, digging drainage or irrigation ditches and in bringing land up a high state of productivity. Such land could not have been developed if the transportation facilities had not been such as to insure that the farmers could get their products to the markets of the country with the least possible delay and before they become unfit for consumption. What applies to the production of perishable products applies, in varying degrees, to the production of all other products and in no case could the farmers undertake to produce extensively, or beyond their own needs, if there were no facilities for transporting their products to the consuming centers.

On the other hand, no great city could be built up if it were not for the fact that those who live in them may depend, first, on the farmers of the country to produce an ample supply of food for all and, second, on the railroads or other transportation facilities to function properly at all times and deliver farm products to city consumers with regularity and as needed.

If the above is true, and no sane man will say otherwise, then it naturally follows that those who believe that labor has an inherent right to organize a strike believes that such organizations have a right to starve people of the cities to death, on the one hand, and to destroy property of the farmers on the other. No such right has ever existed and no such right exists now. It is economically unsound and the American people can and will work out some other method for the settlement of such controversies. No set of men has ever had the moral or legal right to destroy property or cause suffering by con-

spiring together, and the welfare of all the people must ever remain superior to that of any class or group of people.

A farmer produces a crop after months of toil and heavy expense, only to find, when it is ready to move to the market, that he is confronted with a strike and he sees the result of his work utterly destroyed while he stands helplessly by and witnesses the destruction. He acted in good faith in the production of his crop and he had every reason to believe that he would have no trouble in getting his products to the consuming centers and receive a reward commensurate with the labor and expense required to produce it, but the inherent (?) right to strike has robbed him of it all, and where is his remedy? He has none.

What would be the verdict of the people if the farmers of the United States should decide to go on a strike and refuse to supply the wants and needs of those who are not in a position to produce food and clothing for themselves? They would be condemned from one end of the country to the other, and the fact would be pointed out that they, as the owners and tillers of the land, had no right, either moral or legal, to bring about such a calamity. If the farmers who own and occupy the land have no such moral or legal right, then why should it be conceded by anyone that those who handle the farmers' products have a right to block the transportation or industrial facilities of the country and thus jeopardize the food and clothing supply of the nation? If the farmers have no such rights, those who handle his products have no such rights.

The farmers must look to Congress to solve this great question in the

light of fairness for all and not for the benefit of the few, at the expense and perhaps misery and suffering of all.

Washington Representative, Cotton States Board;

JOHN A. SIMPSON,

President, Association State Farmers Union Presidents.

—o—

Mr. Eugene Wolf of Rockdale, was in the city Friday on business.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Hall's Family Pills for constipation.

## ...ANNOUNCEMENT...

In our temporary quarters near the old stand, we are receiving shipments of goods daily, and we can again supply our friends with practically everything in the line of Hardware and Implements.

We are fully prepared to furnish repairs for our "Standard" Implements.

**A. J. Matocha & Co.**

## Great Values in USED CARS

I have in my display rooms at this time TEN USED Cars of various makes which I am offering for sale at prices that make them the best car values of the year.

All of our cars are in First-Class condition. No junk or worn out cars, but cars that are

in good shape and ready for service.

Do not delay another day, for they are real values—just the kind of used cars that you have been waiting for.

## Autos, Trucks and Tractors

Before you purchase either an auto, truck or Tractor, see me, for I have the best that the world has produced in either of these great modern utilities. I am agent for the light build Tractor. Tractor on hand.

I have in my display rooms a second-hand tractor of light build I am offering for immediate sale at great saving. This tractor has been used, but is a great bargain at the price offered.

**BOX SUPPER AT BEN ARNOLD**

A box supper and cream supper will  
be given at the Ben Arnold School  
House Saturday night, June 5. The  
supper proceeds will go to the Ceme-  
tery Association. A special invita-  
tion is extended to candidates for pub-  
lic office to attend the supper.

A special invitation is extended to  
Cameron people to attend the supper.

We will receive Hogs Saturday and  
Monday at 100 pounds weight and up.  
R. L. Batte and Joe Schiller.

**GOOD-BYE DOBBIN**

Good-bye Dobbin. Horses are too  
slow for Akron retail coal dealers.  
The city is spreading out and long  
hauls over city streets hail the pass-  
ing of the horses.

Enter the motor truck. One of the  
largest retail coal dealers in the city  
is now delivering coal by truck on  
Goodyear tires. All horses were sold  
at auction recently.

We will receive Hogs Saturday and  
Monday at 100 pounds weight and up.  
R. L. Batte and Joe Schiller.

**BLAYLOCK TO TELL  
ABOUT CONVENTION**

MORNING SERVICE WILL BE DE-  
VOTED TO WASHINGTON MEET-  
ING HE ATTENDED

The pastor will speak at both ser-  
vices next Sunday. At the morning  
hour he will speak on the great con-  
vention at Washington. Those who  
are interested in the great work our  
people have done during the past year  
will enjoy the report of the conven-  
tion.

A certain paper published in Texas  
has given out a most distorted and  
exaggerated account of the Baptist  
convention at Washington. If you  
are interested in knowing the facts  
about the Washington convention,  
come to the Baptist church Sunday  
morning.

The evening service will begin at 8  
o'clock.

If you want good bright alfalfa go  
to the Oil Mill.

**TEACHERS' EXAMINATION**

An examination will be held in Cam-  
eron on Friday and Saturday, June 4  
and 5, for teachers' certificates of all  
grades, both County and State. The  
examinations will commence each day  
promptly at 9:00 o'clock. The usual  
fee of \$2.00 will be charged each ap-  
plicant.

**Schedule of Subjects**

Friday forenoon—Physical Geogra-  
phy, Physiology, Composition, Arith-  
metic, Literature, Solid Geometry.

Friday afternoon—Texas History,  
Grammar, Descriptive Geography,  
Plane Geometry, Psychology, Book-  
keeping.

Saturday forenoon—Spelling, Writ-  
ing, Method and Management, Civics,  
Reading, Chemistry, History of Edu-  
cation.

Saturday afternoon—United States  
History, General History, Agriculture,  
Algebra, Physics, Plane Trigonome-  
try.

Very Respectfully,  
JIM F. CHADWICK,  
County Superintendent.

When your breath is bad, appetite  
poor, and you feel "blue" and dis-  
couraged, you need Herbine. One of  
two doses will set you right. It is a  
great system purifier. Price, 60c.  
Sold by Pace-Marshall Drug Co

**GLASS OF SALTS  
CLEANS KIDNEYS**

If Your Back Hurts or Bladder Both-  
ers You, Drinks Lots of Water.

When your kidneys hurt and your  
back feels sore, don't get scared and  
proceed to load your stomach with a  
lot of drugs that excite the kidneys  
and irritates the entire tract. Keep  
your kidneys clean like you keep your  
bowels clean, by flushing them with a  
mild, harmless salts which removes  
the body's urinous waste and stimu-  
lates them to their normal activity.  
The function of the kidneys is to fil-  
ter the blood. In 24 hours they strain  
from it 500 grains of acid and waste  
so we can readily understand the vi-  
tal importance of keeping the kidneys  
active.

Drink lots of water—you can't drink  
too much; also get from any pharma-  
cist about four ounces of Jad Salts;  
take a tablespoonful in a glass of wa-  
ter before breakfast each morning for  
a few days and your kidneys will act  
fine. This famous salts is made from  
the acid of grapes and lemon juice,  
combined with lithia, and has been  
used for generations to clean and

stimulate clogged kidneys; also to  
neutralize the acids in urine so it no  
longer is a source of irritation, thus  
ending bladder weakness.

Jad Salts is inexpensive; cannot in-  
jure; makes a delightful effervescent  
lithia-water drink which everyone  
should take now and then to keep  
their kidneys clean and active. Try  
this, also, keep up the water drinking,  
and no doubt you will wonder what  
became of your kidney trouble and  
backache.

For every purpose for which a lini-  
ment is usually applied the modern  
remedy, Liquid Borozone, will do the  
work more pleasantly. Price, 30c,  
60c and \$1.20. Sold by Pace-Marshall  
Drug Co.

# THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

## The Wonderful Adventures of a Raindrop

"At length our stream joined a great, big, big stream. The stream was so big that we thought we had met the sea. But we had many, many miles to go yet, and many were the sights we saw. At length we rolled in a great, wide, slow-going, yet powerful stream, out to meet a moving mass of waters. We felt a shock go through us and a new salty tingle run into us. The moon's power drew us, too, with great force. "When the first shock came we had to drop a lot of our soil that we carried, and then we parted around a fan-shaped island that people called a delta. I wonder how many soldiers in the United States School Garden Army have gardens in the rich, rich soil like that of the delta! Where is New Orleans, Garden Lady? Somehow I fancy that the last great city we passed was New Orleans, and as we joined in that vast stream that bore us toward the sea I think I heard the waters whisper and say: "It is the Mississippi—the Father of Waters." And there are thousands upon thousands of gardens tended by the children of the United States School Garden Army in the States through which the great Father of waters passes."

"But now we felt a shock go thru us and a new salty tingle ran into us. The moon's power, too, drew us with great force. When the first shock came we had to drop more of our soil that we had carried. But finally I was out into the wavy course of the great ocean current that bore me to the great open sea.

"There my dreams and adventures were many—so many that I can't get them untangled from one another. But it was glorious!

"Now we knew the sky as we had never known it. It seemed to mingle with us, yet to be always calling us!

"Far, far off," we said, "the ocean and sky meet and mingle as the rivers did in the sea. And always we had dreams of some great joy that was coming to us out of that sky. Voices came to us out of those great spaces

—the breezes, the great sweeping winds, and the thunder called to us. We could not understand it all, but we were sure that some day we should rise into that other greater sea above us.

"One day great happiness filled us. It seemed that out of that sky somebody was smiling a warm, loving, golden smile on me. Somebody was calling to me without any sound, drawing me, trying to lift me. I felt that it was a lovely Sun Spirit who loved me. Then I felt myself grow full of warmth and joy. I became all light and floaty. I felt myself rising up! Up! Up! I left my heavy grains in the ocean. Oh, it was wonderful! Such warmth was all about me that I melted into the air, where I seemed to be rocked asleep at the heart of a golden mist in a warm, happy dream. Such a wonderful dream, Garden Lady!"

"A delightful coolness woke me and I found myself at rest in a great ship that floated lazily about on an ocean of air. A real Air Ship it was Garden Lady. The sun shone on it and turned it to gold or rose or purple. The moon shone on it and turned it to pearl and silver. There were millions of my companion spirits in it, and millions of sun spirits that played with them. So we sailed on over the air ocean, happier than we had ever been before. But—suddenly—a change came. A sharp coldness blew upon us. We shivered. We clung together for warmth. We could no longer find our sunbeam friends. All the lovely colors went out of our ship. We were blown about with great force. Something ran in sharp streaks right through and through us. Then—I felt myself falling—falling—falling—clinging to two or three of my sisters.

"I thought everything was over; but now I find myself in a beautiful place again, though far away from the ocean and the ocean-sky.

"Here I am on the edge of this sunbeam-colored flower in the Garden of the Golden Girl. But voices still call me. My work is not done. I shall go down still further into the —into the—dark, dark earth, but something tells me I shall return again in a new form.

"Little thirsty rootlets, I hear you calling me down there.

"I shall be drawn into this beautiful plant, and then come once more to the light in a golden blossom, and here again I shall meet the Sunbeam

Spirit that loves me still, and together we will work to create a new form full of blessing for the children of the earth! I seem to see in a new sort of dream, millions of lovely creatures—yes, boys and girls, Garden Lady, that's it—boys and girls of the United States School Garden Army to free me for—"

"But just then," said the Garden Lady, "a gleaming raindrop slipped from the squash blossom, and fell, with a little splash, to the ground, which seemed to drink it in greedily. "I came to my senses with a little start," added the Garden Lady, "and a little gust of wind ran through the garden, shaking a shower of raindrops from the plants. The garden was full of freshness from the rain, and all sorts of earthy, green, flowery odors were rising like a silent prayer of thanksgiving. I remembered what I read in a book called 'Garden Steps' which said that if we could watch a root as it works its way through the soil, we should see it turn toward the nearest supply of water. In digging

out old wells, roots of trees have been found that have come more than a hundred feet to feed in the moist earth nearer the well. The tiny roots of the garden plants do the same thing on a smaller scale. They go toward the nearest water, wherever that may be. And so I thought that already the raindrop which had fallen into the ground near the lovely squash blossom was on its way to new adventures and was perhaps already close to some thirsty little root."—By Ethel Allen Murphy.

Driving Ease in a

# MAXWELL

is Due to Special Steels

Many who drive a Maxwell prefer it to a larger car.

They like its nimbleness, its quickness in getting under way, its peculiar ability to thread its way through traffic, its rare driving ease.

One can drive it farther in a day with less fatigue than many cars much larger.

The reason is clear: its engine pulls no superfluous weight.

Not a single unnecessary pound burdens it.

Special steels in a Maxwell

eliminate the useless weight —steels made to Maxwell's own formulae, which equal pound for pound those in any car built.

They have extra strength forged into them, and they provide lightness.

This is one reason why Maxwell has won public favor the world over as indicated by nearly 400,000 now in use. How marked the tendency today is recorded by a production of 100,000 for 1920.

# Cam-Hi Graduates Big Class As Year Closes

## Year Is Featured By Many Achievements for Education In Cameron----Commencement Exercises Friday Night.

With one of the largest senior bodies in its history the Cameron High School term for 1919 and 1920 has come to a successful close.

The graduating class finds achievement a sweet crown now that respite from the class room is come with its blaze of victory. Another page is written in the history of learning at "Dear Old Cam-Hi" and all Cameron today feels justly proud with those who have written success into their endeavors as a student body as well as the faculty, responsible for the success of the city's educational system.

Friday night at 8:30 o'clock in the high school auditorium the graduating exercises will be held, terminating a busy week crowded with events incident to commencement. Dr. C. E. Evans, President of the State Normal in San Marcos, will deliver the address.

To-night at 8:30 o'clock in the High School auditorium the Senior Class presents the class play, "Margery, the Society Mouse," a delightful four act novelle, with musical setting furnished by the Cam-Hi Orchestra and a grand, spectacular musical event.

The grammar grade exercises were held Wednesday night in the High School auditorium and the address was delivered by Hon. W. G. Gillis.

The Senior class play tonight will be under the direction of Prof. J. N. Crawford and Miss Clara Curtis, assisted by the Cam-Hi Orchestra.

The graduating exercises Friday night will be the last event of an interesting program which began last week with a number of recitals and exercises among the art departments of the school.

The successful year which is brought to a close with the graduating exercises is marked by achievements which will stand for all time as a monument to the educational life of the city. Not only has the term promoted harmony in all branches of the school system but it has seen the expansion of the school even to the construction of a high school building which is one of the finest in the entire State.

The successful term is a distinct compliment to the Superintendent, L. H. Kidd and his assistants in the faculty in every branch of the school.

The term has seen the best possible co-operation between faculty and the board headed by Dr. A. S. Epperson to whom the current number of the annual is dedicated.

The graduates for the 1920 term are as follows:

Winnie Dora Yoe, Valedictorian; Mildred Estell Chambers, Salutatorian; George Allen Hooks, William J. Parma, Jeff Thompson Kemp, Minnie May Foster, Kathleen Amelia Kelso, Freddie Lee Link, Gladys McLarren, Lenora Gladys Blackwell, Hazel Kirke Lyles, Jeffie Marie Wilburn, Addie Marie Plate, Thelma Oliver, Laura Mary Adams, Annie Blanche Gore, Gladys Eugenia Harris, Rossie Crook, Howard Alexander McDonald, Katy Lucille Cone, Nyna Andrews, Helen Jayne Mayes, Margaret Jewell Osburn, Agnes Marie Chambers, Phrona Lillian Reeves, Martha Eleanor Sapp, Verna Lester Roberts, Lillian Earl Bragg, Grace Katherine Mangum, Gladys Lucille Wilson, Newton Joslin Robison, Ola Wilmoth McGuire, Juanita Marie Caldwell, Thomas Leland Denson, Terry Wiley, Gladys Lucille Blaylock, August Rufus Knipp, Vernon Ford Horstman.

### EBER FLINN ENTERTAINS

The Juniors and Seniors of the Cameron High School were royally entertained last Thursday night by one of the Junior boys, Mr. Eber Flinn, on Hefley Heights. There were seventy-five present on this occasion besides the High School faculty and Mrs. Lee Kidd. As the guests were assembling there were a number of Victrola selections played, and delicious punch served by Misses Harriet Flinn, Catherine Atkinson and Elizabeth Adams.

After all had arrived Miss Cain took charge of the program which had been prepared by her and a committee of Junior girls.

First, there was a letter contest, in which a letter of the alphabet was pinned on each guest and while mingling through the crowd words were made. Frank Plaster won out in this contest, making quite a vocabulary of fifty-five words and was given as a prize a large stick of candy staped in red and clad with the Senior colors of green and gold.

Next was a drawing contest in which each was given paper and pencil and

### Commencement Program

The following is the program for the graduating exercises to be held in the High School Auditorium Friday night, May 28, at 8:30 o'clock:

1. Selection-----High School Orchestra
2. Invocation-----Rev. B. B. Blaylock
3. Salutatory-----Mildred Chambers
4. Class Oration-----Thompson Kemp
5. Class Song-----Senior Class
6. Valedictory-----Winnie Yoe
7. Address-----Dr. C. E. Evans, President of San Marcos Normal College.
8. Awarding of Diplomas-----Dr. A. S. Epperson
9. Benediction-----Rev. B. B. Blaylock

## RECITALS FEATURE CLOSING WEEK OF COMMENCEMENT

PUPILS IN ART DEPARTMENTS APPEAR IN PROGRAMS—TERM GREAT SUCCESS

Interest in social affairs for the entire week and for several days preceding has centered about the closing of the school term for 1919 and 1920 and the graduation exercises in the literary and art departments of the school.

Commencement Week proper was inaugurated Tuesday and Friday nights of last week when Miss Hillman, director of the expression in the art department of the school, and Miss Curtis, director of voice in the art department of the school, gave a joint recital of their pupils Tuesday night at the auditorium. The program consisting of more than thirty numbers was roundly applauded by crowds which filled the auditorium on the two occasions to hear the recitals.

The departments of instruction over which Miss Hillman and Miss Curtis have presided for the fiscal term have been successful to a most commendable degree and no greater tribute can be paid to these branches of the arts than that which was paid by the pupils in the excellent manner in which their talents were shown in rendering the program.

It was necessary to render a double program dividing between Tuesday and Friday nights because of the extent of these departments in their respective arts and the number of pupils enrolled.

### MUSIC DEPARTMENT

One of the outstanding features of the exercises of the week was the musical recital rendered by the pupils of Mr. Robert Smith, who is director of the music department in the school. This recital was given Monday night in the auditorium at 7:30 o'clock.

Thirty numbers made up the program of the evening and the proficiency shown by the pupils under the tutelage of Mr. Smith provoked much applause and has been commented upon largely in music circles in Cameron.

The following pupils took part in the program:

Mabel Akin, Lucille Scarborough, Ruby Caton, Lucile Ingram, Margaret McDermott, Mary Hawkins, Maurine Cliton, Jennie Tyson, Mary Young, Winnie Yoe, Helen Mays, Blanche Gore, Agnes Henderson, Katy Cone, Alta Klawansky, Mildred Chambers, Gladys Harris, Dora Emily Moore, Gladys Davis, Bessie Eloise Avera, Geraldine Slaughter, Elizabeth McDermott, Bernice McLerran, Ethel Green, Isabelle Brewer, Florence Hobson, Kathryn Robbins, Lola Clinton.

Tuesday night the music pupils of Miss Ruth Sprinkel gave a piano recital. This recital was one of the outstanding musical events of the week and one of the most interesting of the recital programs. The department of music over which Miss Sprinkel has had charge for the past year has made rapid progress and credit is reflected to both teacher and pupils.

Following pupils took part in the program:

Ethel Collins, Dorothy Blaylock, Katharine Atkinson, Moselle Bigbee, Mary Estell Meyers, Ruby Hamilton, Marguerite Ford, Mary Sue Walker, Maggie Reed McCown, Reba Young, Harriett Flinn, Vance Slocum, Cora May Link, Gertrude Berglund, Louise Luce, Agnes Macal, Christine Kubecka, Louis Johnson, Cornelia Gunn, Elsie Blaylock Paul Werner, Cecile Klawansky, Gussie and Laurine Hubert, Frances Looney, Annie Howell, Nell

## SUCCESSFUL TERM GRADED SCHOOLS

SPLENDID HARMONY IN ALL BRANCHES AND PUPILS ADVANCE RAPIDLY

With the graduation exercises of the grammar school class Wednesday night the graded schools of the city brought to a close one of the most successful years in its history.

Both from the standpoint of attendance and successes attained by the students the year has been remarkable. The graduation exercises were held in the high school auditorium and the address was delivered by Hon. W. G. Gillis.

The graded schools of the city were under the direction of Prof. W. J. Walker. The additional personnel of the schools is as follows: Miss Ada Henderson, Miss Ruth Henderson, Miss Edna Sprinkel, Miss Jewell Joslin, Miss Estelle Coleman, Mrs. Ada Gilliland, Mrs. Bessie Lowe, Miss Ethel Carroll, Miss Miss Susanna Jackson, Miss Olive McGehee, Mrs. J. N. Crawford, Miss Gladys Walker.

Following is the program rendered at the exercises Wednesday night:

Invocation, Rev. Ira F. Key; Class Song, Class; Salutatory, Emory Gunn; Class History, Rosalie Baskin; Trio, Eloise Rogers, Mary Su Denson, Lillie K. Beckerman; Class Oration, Richard Vest; Class Prophecy, Clifford Barmore; Song, Glee Club; Presentation of Robe, Billie Hefley; Acceptance of Robe, Ruth Kemp; Valedictory, Francis Morrison; Address, Hon. ## COMMERCIAL COURSE FOR HIGH SCHOOL

PLANS FOR FUTURE INCLUDE BUSINESS TRAINING FOR STUDENTS OF SCHOOL

Prominent in the plans for the future of the Cameron High School is the decision to inaugurate a system of teaching commercial courses. This announcement was made three months ago by Prof. J. N. Crawford, principal of the school.

While no arrangements have been made to begin the course with the current school term it has been decided to make this course one of the many educational advantages to be had in Cameron.

When the course is installed a special faculty will be employed to teach the subjects which will embrace many lines of commercial activity, making it possible for students who take the course to finish high school prepared for entrance into the business world. A special section in the new high school building will be set aside for the commercial courses and all equipment necessary for teaching the subjects will be installed.

We have a larger force and improved equipment and are able to give the quickest and best service in cleaning and pressing.—Collins & Mitchell.

# CARRANZA BRUTALLY SLAIN BY OWN MEN WHILE ASLEEP

DEPOSED PRESIDENT SEEKING  
REFUGE IN MOUNTAINS MEETS DEATH

Mexico, City, May 22.—President Venustiano Carranza, who, with a small party of followers, has been a fugitive in the mountains of Puebla since late last week, was killed at Tlaxcalantongo early Thursday morning, according to official announcement here. Several companions, the names of whom are unknown, also were killed.

Reports received here early this morning state that General Juan Barragan, chief of the presidential staff; Ygnacio Bonillas, former Mexican Ambassador at Washington; General Marciano Gonzales and General Frederico Montes, who accompanied President Carranza in his flight from San Andres, are safe. No mention is made of the others in the party, which, it is believed, included Luis Cabrera, Minister of the Treasury; Alfonso Cabrera, his brother, Governor of Puebla, and General Murguia, who acted as commander of the Carranza troops after the President had fled from the city.

Orders have been given that a train be taken to Beristain, the nearest railway point to Tlaxcalantongo, to receive the bodies of those killed in the encounter in the encounter in which President Carranza lost his life. The body of Carranza is due to arrive here this evening. The six other victims were buried at the scene of the battle.

Commission has been granted relatives of the late President for private interment of his body. These include his daughters, Julia and Virginia, the latter the wife of General Candido Aguilar.

There is still uncertainty regarding Carranza's companions who were killed. It is believed, however, they were General Francisco Urquiza, Undersecretary of War and Marine; Luis Cabrera, Secretary of the Treasury and his brother, Alfonso Cabrera, Governor of Puebla; Manuel Aguirre Berlanga, Secretary of the Interior, and General Pilar Sanchez.

General Rodolfo, Herrero, it is said, directed the attack. He belonged to forces commanded by General Francisco Madril, who accompanied Carranza in his flight from this city, but who last week deserted Carranza and joined the revolutionists.

There is some uncertainty regarding

the exact affiliation of General Herrero. He was in rebellion against Carranza for several years, centering his operations in the State of Puebla. He surrendered last March to General Mariel, who was in command of Government forces in that State.

When General Mariel went over to the revolutionists last week a portion of his troops, it is known, remained loyal to the President, and belief exists that Carranza might have taken along with him in his flight toward Tuxpam Herrero's forces, which finally turned against him.

Tlaxcalantongo is a small village in the vicinity of Huachinango, in the northern "panhandle" of the State of Puebla. It is approximately eighty-five miles from San Andres, where Carranza left his forces and took refuge in the mountains.

Lieutenant Colonel Cardenas, who for three years commanded the garrison at Necaxa, near the scene of Carranza's death, and who is now here, is quoted as denying General Herrero was once a Federal officer. Under Huerta, he says, Herrero commanded volunteers from his own town and that this was his only connection with the Federal Army.

General Herrero, Lieutenant Colonel Cardenas reports is a former follower of Manuel Pelaez and surrendered March 8 to General Francisco de P. Mariel, who was with Carranza at his death.

When the Sonora split occurred, he added, Herrero protested adhesion to President Carranza.

Mexico City, May 23.—A dispatch received from Juan Barragan, chief-of-staff of President Carranza, says Carranza met his death at the hands of General Rodolfo Herrero's forces at Tlaxcalantongo. The dispatch did not give the exact date. The dispatch follows:

"Villa Juarez, State of Puebla, May 22.—To General Alvaro Obregon. Referring to your telegram of this date Herrero joined the column at Patla, professing loyalty. Arriving at Tlaxcalantongo, Herrero offered hospitality to Carranza, placing sentinels who knew the terrain. At 4 o'clock in the morning his men abusing the confidence in them, surrounded the shelter where Carranza was sleeping, firing their rifles furiously into the hut. Everyone offered resistance, although with the natural demoralization caused by the unexpected attack.

General Francisco Murguia fought

valiantly, repulsing the traitors who surprised the defenders when they were leaving their shelter to attack the enemy.

"The unexpectedness of the attack enables us to clear our military honor. The defense was so general that the attackers were forced to take sixty prisoners, among them Mario Mendez, Paulino Fontes, Gil Garias, General Heliodoro Perez, Colonel Gomez, General Villela and Carranza's military aid."

(Mendez was formerly director of the national telegraph lines. Fontes was former director of national railways and Senor Garias was Carranza's private secretary.)

"Our conscience is clear. Our grief for the death of the President is inconsolable. We are satisfied that we did not abandon him for one moment."

"The few men wounded and the dead is explained by the fact that the attackers planned their crime, knowing the place where the President was sleeping. The loyalty and courage of the President's followers were useless against the treason of those criminals."

The message was signed by Barragan and Marciano Gonzales, Federico Montes, Francisco de H. Maria and others. The flags of the American Embassy and all the other embassies and legations were placed at half mast when news of Carranza's assassination arrived.

President Carranza and General Morales Y. Molina were the only persons killed at Tlaxcalantongo, according to newspaper dispatches today. General Rodolfo Herrero is quoted as saying he only desired to kill Carranza and Ygnacio Bonillas. General Molinas conducted the military trial of General Roberto F. Cejudo, former commander in chief of

the forces of Emiliano Zapata in Hidalgo, who was accused of dealing with the rebels. He is said to have been mistaken for Bonillas.

The dispatches add that the three Generals and two members of the Carranza Cabinet, who at first were reported killed have disappeared and probably are in hiding.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

## CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

### TWO RECITALS

On last Tuesday and Friday nights Misses Curtis and Hillman presented two beautiful programs in which all of their pupils took part, all of whom did their parts well, showing the faithful, patient, and efficient work of the teachers. There were too many to mention each one separately, for there were dozens of them and there were as many happy fathers and mothers present to enjoy the music and readings given by their children.

### SYMPHONY CLUB

Saturday afternoon of the 15th Mrs. W. A. Bonds was charming hostess to the Symphony Club. Subject for the afternoon was the life and operas of Franz von Suppe, and was conducted in an interesting and instructive way by Miss Winnie Henderson. The following program was rendered:

1. Overture; 'Poet and Peasant,'—Mrs. R. P. Jeter and Mr. Robt. Smith.
2. Sketch of the life of Suppe—Miss Winnie Henderson.
3. Selection from 'Baccaccio'—Mrs. R. P. Jeter.
4. 'The Coopers Song'; from Baccaccio.—Miss Clara Curtis.
5. Story of the opera, 'Baccaccio.'—Miss Mary Lake Henderson.
6. Selections from 'Fatimitaza.'—Mrs. R. P. Jeter.
7. The Bell Songs; from 'Fatimitaza.'—Miss Clara Curtis.
8. Story of the opera 'Fatimitaza.'—Miss Mary Lake Henderson.
9. Overture from 'La Pique Dame.'—Mrs. Jeter and Mr. Smith.

After the program Mrs. Bonds, assisted by her sister, Miss Lorena Ruby served delicious cream and cake. Guests other than club members were: Mrs. Walter A. Newton, Miss Lorena Ruby and Mr. Robt. Smith. There will be an informal meeting with Mrs. Roy Jeter the fifth Saturday in May when the club will disband for the summer.

### SCRAP BOOK CLUB AT ROCKDALE

Mrs. W. E. Gaither was hostess at this delightful 42 club last Wednesday afternoon and several Cameron ladies motored over and were additional guests. They report a beautiful party, a delightful time, and delicious refreshments. Those attending were Mesdames Jim Watson, Oxsheer Smith, Tom Henderson, Jr., and Misses Mary Lake and Winnie Henderson.

### D. A. R.

The Sarah McCalla Chapter of D. A. R. met last Wednesday with the Regent, Mrs. B. J. Baskin.

The object of the meeting was to discuss the marking of the old historic spot of Old Nashville. Once in the days of the Republic Old Nashville was the capital of Texas and county seat of Milam County.

Miss Winnie Henderson was appointed chairman of a finance committee to raise money to erect a boulder of some kind on the left side on the banks of the Brazos River. Old rocks now resting on the spot may be used.

The inscription was not decided

TURN HAIR DARK  
WITH SAGE TEA

If Mixed With Sulphur It Darkens  
So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use products, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can dis-

### PRESBYTERIAN CHURCH

At the Sunday morning service the congratulations of the church will be extended to the young people of the church and congregation who are this year graduating. After this special feature there will be a sermon by the pastor. Usual service Sunday evening at 8 o'clock. Come and enjoy the services with us.

H. R. MACFADYEN, Pastor.

cover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

# MORE THAN TWENTY PER CENT OFF

John Wannamaker, the Merchant Prince, started something when he announced a Special Reduction of 20 Per Cent on the selling price, simultaneously at his New York and Philadelphia stores. When questioned by a newspaper reporter as to his motive in doing so in the face of an advancing wholesale market, his reply was that he was doing it "for the benefit of the people, in order to break the backbone of the high cost of living." If you wish to believe this, no one can deny you the privilege. However, that backbone is still as solid as it was before.

We are going to go Mr. Wannamaker one better on some items in our store, and we have two reasons to give, which you will find no trouble to get yourself to believe.

*First Reason: We Have Too Much Merchandise*  
*Second Reason: We Need the Cold Hard Cash*

Either one of these two reasons would justify us to put on a Sale with prices reduced, but both of these reasons combined, make a sweeping Price Reduction imperatively necessary, and in consequence, we stand ready and willing to take our medicine cheerfully.

**Sale Opens Saturday,  
May 29th**

**Closes Saturday, June 19th**

There will be no lower prices on this class of merchandise, so do your shopping now.

**33 1-3 PER CENT REDUCTION**

**Read This Carefully**

**Sale Opens Saturday,  
May 29th**

**Closes Saturday, June 19th**

If you want to Save Money, or invest your money profitably,  
you will come early.

**50 PER CENT OFF**

## 25 Per cent Reduction On Men's Three-Piece Suits

**CASH ONLY---WE NEED THE MONEY**

## Take Advantage of Present Price Reductions

The following is quoted from a well posted authority on all matters of finance and commerce:

"Wholesale jobbers in Boston and manufacturing centers consider the cut in prices inadvisable, and calculated to cause some retailers to sacrifice goods that cannot be replaced."—"It must be borne in mind that there are very large quantities of goods now in process of manufacture, the cost of which is fixed by contracts, and which will be delivered throughout the remainder of 1920 and some later."

"Retailers should not look for any definite break in prices as a consequence of their own price reductions."

"Price reductions, when they do come in the wholesale markets, will be due to cause of an entirely different nature. Lack of demand for merchandise, a surplus of labor and production in some lines, and other conditions of a like order, will have to be the primary means of reducing the cost of goods to the merchant, and by him passed on to the consumer."

The above from one of the best posted men in the wholesale business.

It means that if the consumer would be wise now is the time to make his purchases, and get some financial benefit out of this temporary flurry.

\$30.00 Silk Dresses.....	\$15.00	\$60.00 Silk Dresses.....	\$30.00

## J. P. Werner & Company

NEAR SANTA FE DEPOT

CAMERON, TEXAS

### LOCAL AND PERSONAL

Mrs. J. S. Adams of Tyler was in Cameron from Wednesday to Saturday of last week, on business. While here she visited in the home of her brother, Mrs. R. G. Vaughn.

Elbert Martin returned Saturday of last week from Tyler where he went on business. Mr. Martin left Cameron Friday for Tyler. On his return trip to Cameron Mr. Martin stopped in Waco and while there visited Postmaster McCullom and other friends in the federal building. Mr. Martin is connected with the local postal service. His visit to Tyler was for the purpose of closing up some business matters in connection with the sale of oil leases in Milam County.

Mr. and Mrs. Elbert Martin of Cameron will leave the city Friday night for Houston, where they will spend a week's vacation given by the federal service with which he is connected in Cameron. They will return to Cameron on June 7.

Harvey Caldwell of Ardmore, Oklahoma, son of C. C. Caldwell of Cameron, was in the city Sunday visiting with homefolks. Mr. Caldwell is a Milam County boy and his many friends here were glad to see him. He is accountant and auditor for the Cameron Refining Company with headquarters in Ardmore.

T. B. Wooten, who has been a resident of Cameron for the past several years and who was formerly engaged in the baking business here, has moved with his family to Waxahachie.

Dr. T. G. Van Zandt of Cameron has returned from a several weeks' stay in New Orleans where he attended a special lecture course at one of the medical colleges there. On his return to Cameron Dr. Van Zandt visited in San Antonio. Dr. Van Zandt has recently been named public health officer for Cameron.

Mr. and Mrs. Jeff Hefley, Jr., of Thorndale, were in Cameron this week for a few hours visiting with Mr. and Mrs. Jeff Hefley, Sr.

J. S. Barmore of Waco, was in Cameron Monday looking after farm interests in the Maysfield section. Mr. Barmore was a former resident of this county, moving to Waco several years ago for the health of Mrs. Barmore.

Mrs. Jim Miller of Temple has returned home after visiting Mrs. Mary Randolph.

We recharge, repair and rent batteries. Wilkerson Bros Garage.

Mrs. Seth Corley and son of Buckholts, were here Tuesday visiting in the home of Dr. and Mrs. Newton.

The friends, both young and old, of Miss Lois Stribbling will be glad to hear her injured knees is very much better and she hopes to be able to walk soon.

Mrs. Walter Sharpe has returned from Teague where she attended the M. E. Convention.

Mr. and Mrs. Marvin Pugh and children passed through Cameron en route from Ben Arnold to Thorndale.

Mrs. Jim Sedberry and son, of Galveston, are in the city, the guests of Dr. Jone Hubert's family.

Mrs. Louise Hertenberg of Marlow, was shopping in our city Tuesday.

W. Klawansky this week starts the most remarkable sale on dry goods in recent years in Milam County. Turn to the double page ad in this issue of The Herald and read of the wonderful bargains.

Miss Inez Casey has returned to her home in Rockdale after successful operation in the Cameron Hospital.

Miss Lois Casey spent the week end in Rockdale.

An attack of heartburn or indigestions calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price, 60c. Sold by Pace-Marshall Drug Co.

Mr. G. B. Tracy from over near Thorndale was in Cameron Tuesday of this week on business.

Messrs. John Wooten and M. M. Gilchrist were in Cameron Tuesday as witnesses on the Jim Dykes case.

Mr. Jim Terry was a business visitor in Cameron this week.

Mr. Dan Gilliland of Tracy was in Cameron on Tuesday of this week on business.

Mr. C. O. Smith of Austin, was visiting relatives in Cameron Sunday.

Mr. and Mrs. Tom S. Henderson, Sr., are attending the State Convention at Dallas this week.

Dr. Moses Jones of Austin was in Cameron on Tuesday of this week on business.

Teague, in the interest of Missionary Work, being secretary of the Marlin District.

Miss Neppie Newton, who has been attending school the past term will return to her home in Austin Sunday.

Read the double page ad of W. Klawansky in this issue of The Herald. As high as fifty per cent off on fine merchandise. A most wonderful sale in the face of advancing wholesale markets.

#### A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

### What's become of the prejudice against automobiles because they frightened the horses

**N**OW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in Service.

Service is what the car owners of this community are looking for nowadays.

And especially the *small car* owners, who put service

first in figuring their motor-ing expenditures.

Just because a man has a moderate-price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good* tire service as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large and small*—are coming to us every day for U. S. Tires.

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

### You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Mr. Earl Leach was in Tracy Sunday evening on business.

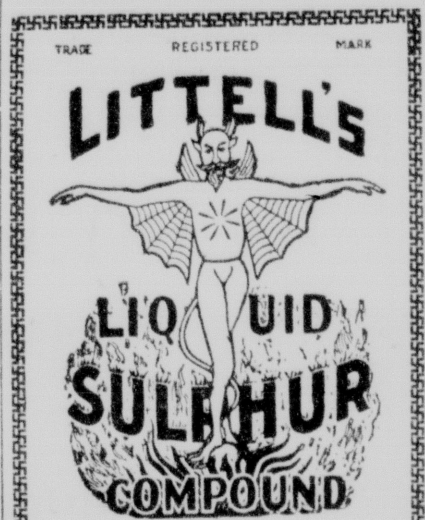

Dr. and Mrs. W. H. Lyons have gone to McGregor after a short visit in the city with Mr. and Mrs. Alex Beasley.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

Mr. Hillary Stedman visited in Taylor on Sunday.

**The Quinine That Does Not Affect The Head** Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c

**Piles Cured in 5 to 14 Days** Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

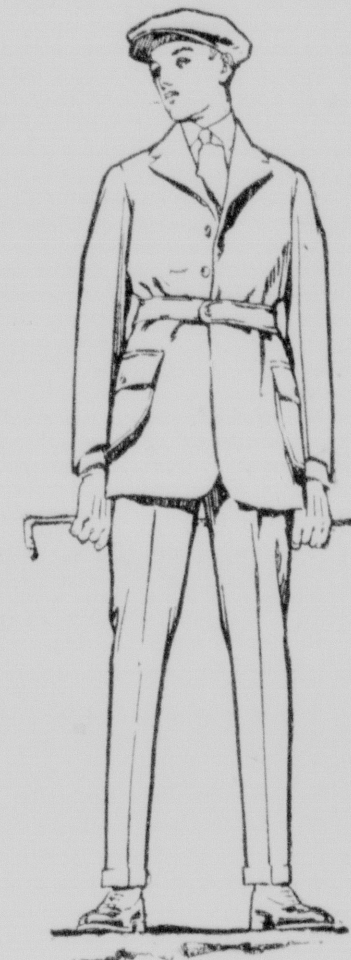

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00  
JAMES F. BALLARD, Prop. St. Louis, MO.

Mr. and Mrs. Jeff T. Kemp were in Dallas Tuesday attending the State Democratic Convention. They were delegates from Milam County to the Convention.

666cures Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the parasite that causes the fever. It is a splendid laxative. It is a splendid laxative and a general tonic.—adv.

## ROCKDALE OIL NEWS

Ed Hewitt, Houston promoter, has taken charge of the Davidson Creek Oil Company, proposition and will endeavor to resume drilling operations down there. Mr. Hewitt has Houston oil men interested and if sufficient acreage can be added to the present holdings of the company a thorough test will be assured. This test recently shut down at less than 200 feet after having several good showings of oil strong gas pressure.

W. A. Quebedeaux informs us that he has sub-leased one-half of his Bauer lease to Burgess and Morgan, who are "real" oil men and who will immediately make a thorough test. Mr. J. M. Morgan is a practical and experienced oil man and left last Friday for the Sipe Springs field in West Texas where he will load a cable rig and ship it to Rockdale. This insures an early development of this tract.

Driller Wyatt spudded in on the Quebedeaux tract in the Tracy field last Thursday, and at this writing is setting surface casing at 60 feet, using eight-inch casing. This will be a shallow well.

H. Welge, of San Angelo, was here Sunday on business for the Avo Oil Company. This company is now drilling on their Gilliland lease at around 300 feet. They have had several holdings and expect to complete a shallow oil well in a few days.

The derrick for the New York, Texas Oil Co., on the Brow tract west of Rockdale, has been completed and the drillers are now awaiting arrival of the boiler and engine for their big Standard rig. These articles have been delayed en transit. Messrs. Derrick and Boyer, of Temple, pro-

motors, were here last week, and stated that the work would be pushed as fast as possible.

The Cameron Herald announces that Judge W. S. Stanfield of Tulsa, Ok., has secured a lease on the big Watt farm and has made a location for deep test. Timbers for a 96-foot derrick being hauled out and the rig is expected shortly.—Rockdale Reporter.

### NOTICE IN PROBATE

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Milam County—Greeting:  
You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

### NOTICE

## The World's Largest Tire Factory Building 30x3, 30x3½ and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50

## PUMP TESTS SHOW WELLS PRODUCING

Ten shallow wells on the Henderson tract in Tracy recently placed on pump by P. E. Johnson of Tulsa, Oklahoma, are producing one-half barrel a day each. These wells are being pumped through more than 60 feet of mud and all of them were abandoned and idle until Mr. Johnson secured the lease several months ago. The tract on which these wells are located adjoins the Davis tract for which \$11,500 was paid by the Dixie-Winner Drilling Company of Temple. This lease has 115 acres.

The Johnson wells are the first to have been pumped successfully and continuously in the Tracy field. Mr. Johnson declares the well cannot produce to maximum in their present condition and when cleaned out and properly cased will make Tracy a producing field with oil in marketable quantities. The oil is the highest grade so far known to exist in Texas and Mr. Johnson says will bring more than \$5 a barrel.

Mr. Johnson is developing his lease and is now waiting for the arrival of casing to resume operations of a well nearly completed.

The first effort to pump wells in Tracy for marketable production this year, was by the Texas Eagle Refining Co., of Fort Worth on the San Gabriel holdings. This company also asked the co-operation of Cameron for the construction of a pipe line but nothing has been said about the proposition for more than two months.

Interest in local development for the week has centered about the deep test of the American Underwriting Company at Maysfield which is now drilling at more than 1400 feet. Reports have been current in Cameron for nearly a week that a strong gas flow has been hit in the well. This has not been confirmed.

Machinery has been assembled for the deep test on the Watt Farm by Judge Wade S. Stanfield and associates. The derrick which was blown down by the heavy winds of two weeks ago has been restored. It is expected that this well will spud in a day or two.

The Dixie-Winner Drilling Company of Temple has hauled out a big star 30 rig to the Davis tract in Tracy. The wells of this company, ten of them, will spud in with ten inch casing.

The Tracy-Maysfield Oil & Gas Company deep test at Maysfield has been hampered by quicksand. Their shallow well at Tracy is down near the first strata sand and it is planned to bring in this well as soon as possible.

The Oklahoma-Bell Oil Company will soon ship machinery here to develop their holdings in the Minerva section.

### J. H. MILLER DEAD

J. H. Miller, for many years a resident of Milam County, died Saturday in Temple from the effects of an operation in a local hospital.

Mr. Miller was born in Alabama October 4, 1853, and at the time of his death was 66 years of age. He came from his home in Alabama to Texas and settled in Milam county when a very young man. He settled near Branchville in 1873 and two years later, in 1875, the Miller family moved to Milam county from Alabama.

Mr. Miller was the brother of J. T. Miller, well known Cameron citizen. He was married to Miss Emma Wilson in Robertson county who survives him. At the time of his death Mr. and Mrs. Miller resided in Temple. Mr. Miller was a contractor.

He is survived by his widow, Mrs. J. H. Miller, three brothers, J. T. Miller, D. E. Miller and A. P. Miller, all of Milam county; four sisters, Mrs. C. A. Johnson, Victoria; Mrs. M. E. Bryan, Elgin; Mrs. M. S. McFarland, Madison County; Mrs. Eva Randolph of Cameron.

The funeral was held Sunday at Little River Cemetery, where burial was made. Rev. McClung, pastor of the church, conducted the services.

## Hanover store Robbed Burglars Take Safe

Burglars who raided the Robertson store at Hanover last Saturday night carried the iron safe with them and up to late this afternoon no trace had been found of the safe. An automobile stolen from J. G. Vest of Cameron Wednesday night was found stuck in the mire at Cannon Snap, a small settlement near the town of Minerva. It is believed by officers here that the burglars used the car to pull the Hanover robbery.

The safe stolen contained no money but some valuable papers. This is one of a chain of burglaries committed in this county during the past few weeks and so far officers have not been able to make an arrest.

### WILL STAY IN CAMERON

J. N. Crawford, principal of the Cameron High School and director of the Cameron Concert Band will remain in Cameron for another year. He has been elected to the school faculty again and sufficient inducements have been offered to retain him with the band.

Goodrich Tires and Tubes. All sizes in stock. Wilkerson Bros. Garage.

Mr. and Mrs. Jeff T. Kemp were in Dallas Tuesday attending the State Democratic Convention. They were delegates from Milam County to the Convention.

## Anti Mosquito Drive in Full Blast; Move for Money Starts Tomorrow

### KIDD RE-ELECTED AS SUPERINTENDENT

ONLY PORTION OF FACULTY IS ELECTED FOR THE ENSUING YEAR

L. H. Kidd for a number of years superintendent of the Cameron schools has been re-elected to that position by the board of trustees.

Dr. A. S. Epperson, president of the board, has announced the following elections to the faculty for the ensuing year: J. N. Crawford, Principal; Miss Kittie Cain, Miss Curtis, Miss Amelia Williams, Miss Tennie Mae Bass, English; Miss Isla Reil, Latin.

Miss Motie Cass of Cameron, has been elected to teach Domestic Economy, a new course which is to be inaugurated in the school next year.

Athletic director and teacher for mathematics are the only positions not filled in the high school. The graded school teachers have not yet been elected.

### NEW CAFE OPENS

The Newport Cafe has opened for business in Cameron. It is located next door to the Lindsey Grocery, and one of the finest cafes to be found anywhere in this section of the State.

The Newport Cafe is established by Eugene Smith, Cameron citizen and business man. The building has been redecorated inside and fixtures of the most modern type installed. The walls have been paneled with mirror glass and a special lighting system installed.

In addition to the tables fitted out in one section of the eating room, a customer's counter the full length of the room has been installed with modern seats and facing a plate glass counter with arched fixtures used for pastry.

Mr. Smith has answered a very wide demand for a first class cafe in Cameron.

A. R. Triggs, manager of the Triggs Dry Goods Company in Cameron left last night for Houston where he will spend today on business, returning home Friday.

# TEXAS FOR W. G. McADOO

## FAMOUS PREACHER TO SPEAK HERE SATURDAY; METHODISTS TO BUILD \$75,000 CHURCH IN CITY

### SENIOR CLASS PLAY TONIGHT

FOUR ACT PLAY WITH SUPERB MUSICAL SPECIALTY FURNISHED BY JUNIOR CLASS

Tonight will be one of the feature nights of commencement week. The Senior Class decided sometime ago to put on a class play that would exceed anything ever done in our high school along this line. They have been working faithfully for quite a while and are now ready to present to the people of the town a four act comedy, "Margery, the Society Mouse."

The Junior Class is to present a spectacular musical specialty in which will be found a combination of soft music, soft lights and soft voices. The entire production will be supported by the Cam-Hi Orchestra.

All seats in the house will be reserved and will be sold for the same price of fifty cents to all.

A few good seats are left and can be had by phoning Mr. Crawford at the high school.

H. D. Knickerbocker of Wichita Falls, perhaps the most sensational preacher in the world, not excepting the great Billy Sunday, is in Cameron today.

The Rev. Mr. Knickerbocker will deliver his famous lecture in the Methodist Church Saturday night. The subject will be "How to get married, stay married, and be happy, though married." This sermon embodies striking personality, keen wit and humor, tears and thrills. It has become famous all over the country and Cameron waits with anxiety the hour set for the lecture.

A warning has been issued which reads thus: "Come early to get in, as this wonderful speaker has 'standing room only' signs wherever he speaks." Forty laughs, ten tears and ten thrills in sixty minutes.

At eleven o'clock Sunday morning Rev. Mr. Knickerbocker will speak at the Methodist church. Subject: "Spiritual Millionaires." At 8 p. m. he will speak again. Subject: "The Meanest Man in Cameron." If it hurts you to laugh stay at home. You will laugh and you will cry.

Preparation has been in progress all the week by Rev. Ira F. Key pastor, and others, for the speaking. Much stress is being laid on the Saturday night lecture.

Sunday morning the Methodist people of Cameron will launch their drive for \$75,000 to be raised for the construction of a new church building, plans for which have already been approved, by the board of stewards.

The construction of this magnificent building in Cameron is a great achievement for Methodism as well as for the material and spiritual welfare of the city. The board of stewards is behind the movement and the pastor, Rev. Key, in this great undertaking.

The new building will occupy the site of the pastor's house fronting south with the Federal building. The old church will be torn down and such material as suitable will be used in the construction of the new edifice.

In this great and important undertaking the Methodist church has the support and good will of all Cameron and their success in the project will strike a chord of applause from every side.

An invitation is extended to all Cameron to hear the Rev. Mr. Knickerbocker Saturday and Sunday. He has the most wonderful record of any preacher in Texas and has been pastor of the leading churches in Dallas, Fort Worth, Waco and Temple. His appearance here will be in connection with the campaign of the Methodist church to raise funds for the new building.

### CARD OF THANKS

We take this means of expressing our appreciation for the sympathy and assistance rendered us in the death and burial of our husband and brother, J. H. Miller. May God bless every one of you. And we wish to especially thank the good preacher for his ministrations at the grave.

Mrs. J. H. Miller.  
Mrs. Eva Randolph.  
J. T. Miller.

## BIG ELK COMPANY TO CLOSE FOR SITE

Announcement is made this morning by John Bertrand, general manager of the Big Elk Refining Company that the company has made arrangements to close for an option of forty acres of land between the Sap and Santa Fe roads in Cameron for the construction of a refinery.

Negotiations have been under way for several weeks. If the option is secured the company will later buy the site. The land is located between the double track of the Santa Fe and is one of the most desirable refinery sites in the entire county.

Rapid development in the oil fields of Milam county combined with the prospect for a big production in a short time has caused the officials of the company to speed action in securing this site and other things necessary to the construction of the refinery.

## HAS RE-ESTABLISHED PLUMBING BUSINESS

L. C. ESTELLE ANNOUNCES HE IS AGAIN ENGAGED IN BUSINESS HERE.

L. C. Estelle, well known Cameron citizen and plumber and heating expert, announces this week that he has again entered the plumbing business in Cameron. At the present time Mr. Estelle is located near the power plant at telephone 136.

Mr. Estelle was engaged in the plumbing and heating business here several years and his friends will welcome his re-establishment of the business in Cameron.

Mr. Estelle has secured the services of expert plumbers to assist him in the business. On or about June 1 he expects to occupy permanent quarters near the Cheeves Brothers dry goods store.

Among the heating and plumbing contracts handled by Mr. Estelle in Cameron is the new Federal Building constructed throughout according to government specifications. The work has been entirely satisfactory and reflects something of the skill of Mr. Estelle as a contracting plumber.

## BLAYLOCK BACK FROM CONVENTION

CAMERON PASTOR WILL TELL CONGREGATION SUNDAY ABOUT THE MEETING

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, returned late last week from the Southern Baptist Convention in Washington. Rev. Blaylock went as a delegate from the Cameron church.

The Washington convention, he says, was one of the most successful held in years and was marked by an attendance of ten thousand or more Baptists.

While at the convention Rev. Mr. Blaylock heard Dr. George W. Truett of Dallas deliver his now famous address under the shadow of the senate chamber at the capitol, in which he pleaded for the league of nations covenant and sharply rebuked those who are responsible for its defeat.

The sermon by Mr. Blaylock Sunday will contain to some extent a reply to an attack made on the convention by a certain Texas newspaper edited and published by a former state official.

HOUSE FOR RENT—Furnished house for rent during June, July and August.—C. H. Pollard.

Mrs. Susie Williamson Sloan and son, William, accompanied by her nephew, all of Monteola, are in the city visiting relatives and friends.

## DELEGATION HEADED BY CONE JOHNSON OF TYLER

Dallas, May 26.—The state Democratic convention late tonight adopted a platform giving President Wilson greatest praise as leader of the Democratic administration and the manner in which he had brought the United States in position as a dominant factor in world liberty; favoring the League of Nations without reservations and condemning the senate for failure to ratify it, putting blame on the Republican party for defeating good and just measures to serve party ends, for failure to effect economy in government expenditures and for failure to revise existing tax laws; commending the Texas legislature for ratifying the suffrage amendment, reaffirming its support to advancement of labor; instructing the delegation to the national convention to vote as a unit against modification or nullification of existing legislation, by authorizing the sale of beer and light wines; reaffirming its desire to aid wounded soldiers and urging action in aiding soldiers to acquire homes, standing for fair politics and clean elections and adopting the unit rule for the Texas delegates at the national convention.

The convention also adopted several resolutions offered by Thomas H. Ball, urging the development and utilization of labor and co-ordination with other transportation lines to relieve freight congestion; urging construction of permanent highways; requesting the Louisiana legislature speedily to ratify the amendment to the United States constitution providing for equal suffrage for women.

The convention adopted a resolution to send the delegates to the national convention uninstructed as to its vote for presidential nomination, but commending William Gibbs McAdoo to consideration of the Democratic convention as worthy of the high office of President.

The resolution follows: The Democracy of Texas, in state convention assembled, sends its delegates to San Francisco uninstructed, that it may confer and set with all delegates to the Democratic national convention, who are mindful of the supreme importance of nominating and electing a President who will apply true Democratic principles, in meeting and solving the many and important problems, national and international, which press for wise and patriotic solution. We cordially commend William Gibbs McAdoo to the consideration of the San Francisco national Democratic convention as a great constructive Democrat, worthy of the high office of President and as a fit successor to those illustrious occupants of that position who have stood for Democratic principles and ideals of government from Thomas Jefferson to Woodrow Wilson.

### E. A. CAMP NAMED PRESIDENTIAL ELECTOR

Dallas, Texas, May 26.—Hon. E. A. Camp of Rockdale, was chosen as Presidential Elector from the Sixth Congressional District among the delegates to the Democratic National Convention.

The following were chosen from the district: J. Ross Bell, Teague; A. M. Frazier, Hillsboro. Alternates: J. A. Thompson, Corsicana; Dr. J. O. Holton, Limestone County. Elector: E. A. Camp, Milam County.

Hon. T. S. Henderson of Cameron, a delegate to the State Convention, was endorsed by the county convention here as a delegate to the national convention. He was nominated as a delegate to the national convention by Dr. H. W. Cummings of Robertson county. Mr. Henderson nominated former Governor Thos. M. Campbell of Palestine as a delegate to the national convention. The name of Mr. Campbell when called by Mr. Henderson on the floor of the convention was greeted with an ovation.

## BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, May 24.—Mr. Grady Stone was home from Daniel Baker College during the past week-end.

Mr. and Mrs. F. N. Craven of Sharpe, were here Sunday afternoon. Reverend Crouch of Baylor University, preached at the Baptist church Sunday morning and night. He came in Reverend Kelly's place. At both times he had an unusually good crowd in attendance. His sermons were most excellent.

Misses Aubyn Hitt and Naomi Criswell of the Jones Prairie and Sharpe schools respectively came home last week, their schools have closed for the summer.

Miss Eudora Guess of Rogers, is here visiting relatives.

Mr. B. B. Ray was in Cameron Saturday.

The following candidates were in this city Saturday: Miss Lelia Woolley, Bob Todd and Dick Clark.

Mr. and Mrs. T. F. Criswell left Sunday afternoon for Galveston, where they will spend several days attending the Bankers' Convention.

The ladies of the Baptist church had a great success with their dinner which they had in the Fisher building Saturday. They served dinner from twelve to two o'clock. In the afternoon they served cream and cake. From six until eight o'clock they served supper. They took in about ninety dollars, clearing about seventy dollars. This money will be used to increase the organ fund.

Miss Ada Belle McGuire of Maysfield was here Sunday afternoon to see friends.

Mr. A. Bartz of Cameron, was here one day last week selling mules.

Miss Vera Ewing is expected home Tuesday to spend her vacation with her parents, Mr. and Mrs. G. L. Ewing. Miss Vera is a member of the Junior Class of the Temple High School.

Dr. J. Z. Young was in Cameron on business Saturday morning.

Mrs. Tom Harris and daughters, Misses Idell and Estell, were in Holland during the week-end to visit Mrs. Dora Allen.

Mr. and Mrs. Dick Clark of Cameron were here Saturday for the Baptist dinner.

## BIG AMERICAN RUBBER PLANTATION

The fascination which the strange lands of the Far East have held for the average American is taking a more tangible form, now that travel and business are bringing Asia and the United States into closer contact.

No article of commerce is doing more to bring this country into close touch with the mystic East than rubber. The rapid rise to supremacy in the production of crude rubber of the islands of the Indian Ocean, combined with the fact that America consumes nearly three-quarters of all the rubber grown there, has given many Americans an opportunity to peep behind the scenes and become acquainted with the lands and peoples of that distant quarter of the globe.

Although the whole equatorial belt in that section is dotted with rubber plantations, representing a capital investment of nearly half a billion dollars, the thoughts of Americans naturally center on Sumatra where one of America's greatest corporations has established a plantation so vast in area and so highly developed that it stands out as the greatest single plantation in the world. This is the plantation of the United States Rubber Company, comprising seventy square miles of growing trees, an enterprise marked throughout by a magnitude and an efficiency worthy of the best American traditions.

By producing its own rubber the company is in a position to establish a uniformity in its manufactured product, especially United States tires, such as rubber manufacturers have long craved.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

## Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPsin" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

Mrs. Alice Owen spent the week end at Watts' Switch.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Any floor can be made to look like hard wood by the use of

## DEVOE Marble Floor Finish Stains

## K. P. LODGE ENTERTAINS

Members and candidates who were initiated at the regular meeting of the Knights of Pythias Lodge in Cameron Monday night were treated to a

refreshment course as a surprise arrangement by Fred Henry, keeper of the record and seals.

A good number of members were present to enjoy the initiation cere-

monies as well as the ice cream and cake refreshment course.

The lodge is quite active at this time and each meeting sees the initiation of candidates for the degrees.

## MORE OUTLETS---MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

## ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

Announcement  
Extraordinary

## Ford Trucks

The big assembling plant of the Ford Factory at Houston, which has been inactive due to the rail tie-up over the country, has resumed operation and will now be able to make prompt delivery on FORD TRUCKS.

Our first shipment from the assembling plant will be a car of trucks for which we have a great demand.

To those who have not placed their order for fear of not being able to get trucks, can now give their order with the assurance of early delivery.

It will no longer be necessary to wait for deliveries as the assembling plant has resumed operation with a bigger capacity of output.

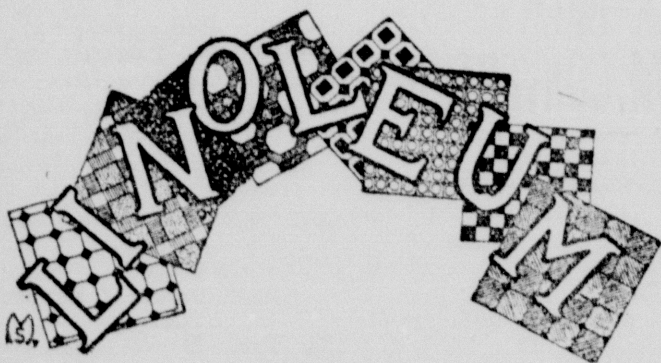

We take pleasure in making this announcement which will be welcomed everywhere by truck purchasers and those who wish delivery on their truck purchases.

# OPPORTUNITY

Poverty is a world old curse. Millions die paupers every year—Hopes are dashed to pieces on the rocks of adversity and ambitions go unrealized because opportunity knocked and no answer came. Judgment is necessary—think it out for yourself. Opportunity may knock once, twice or many times, but it is better to answer the first rap. Will your hopes go on the rocks? Will ambition be strangled by indecision?

Thousands are turning their faces to MILAM COUNTY. Will you be in on the first big thrill? Will you have the satisfaction of wise investment when the news flashes like a jet flame: "BIG GUSHER COMES IN?"

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

## What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at \$2.40 per barrel.....	\$4,800.00
Fuel, Labor and Water per day.....	250.00
Insurance and Depreciation.....	50.00
Overhead and Miscellaneous.....	50.00

Total Daily Expenses .....\$5,150.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

# WILL TEST WHETHER STOCK DIPPING LAW IS CONSTITUTIONAL

MILAM COUNTY MAN TAKES  
FIGHT TO THE COURT OF CRIM-  
INAL APPEALS

Austin, Tex., May 26.—The entire tick eradication law is void and unenforceable because it was enacted in direct and explicit defiance and disregard of Section 32, Article 3 of the State Constitution, is the contention made in the habeas corpus case of ex-parte J. M. Leslie, from Milam County, filed today in the Court of Criminal Appeals. According to the record Leslie is charged with failing to dip live stock as is provided in the tick eradication law. He claims he is being illegally restrained of his liberty and seeks his release through a writ of habeas corpus.

Allegation is made that the law is unconstitutional because it is unreasonable and uncertain, and that no reasonable time is allowed defendant to dip cattle after service of notice by the Live Stock Sanitary Commission, and because it denies defendant equal protection of the law.

The above dispatch will be of general interest to the State at large, and of particular interest in Milam County, where tick eradication is now under way.

Mr. Leslie is a citizen of the Sipe Springs community. His case was to have come up in Justice Court at Rockdale last week, but by agreement he refused bond and went to jail, then sued out a writ of habeas corpus in order to carry the case over the local courts up to the Court of Criminal Appeals, thereby insuring an earlier decision by the usual slow procedure of taking it up through

A number of similar cases against county and district court. other parties in this section of the county have been continued, awaiting the settlement of this case.

Attorney W. A. Morrison of Cam-

eron is representing the element opposed to dipping. Mr. Morrison first gained prominence in this county by opposing the town stock law ordinance when it was first adopted in Rockdale about twenty years ago, and it seems he is still fighting the battles of "Old Pide."

The outcome of this case will be awaited with great interest, as there is strong opposition in certain sections of the county to the dipping law. —Rockdale Reporter.

## PRIZE WINNING LETTER TRADE AT HOME

By Lee R. Tag

The United States is growing in population every day. The returns from the recent census show this. To meet the conditions that must eventually arise from this, better means of transportation must be had. The railroads cannot handle all the traveling and shipping because they cannot put enough trains out to carry this flood as it would endanger the lives of the people.

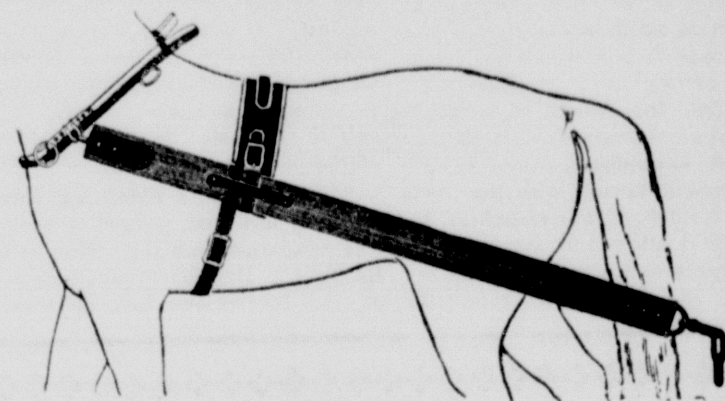

Therefore, other means must be installed. The motor truck and automobile have so far remedied this to a certain degree. The automobile must have good roads and roads must be built and kept up by taxes. Taxes are governed largely by the income of a person. Now if you trade at home the merchant which sells the goods to you will have a larger income and consequently will have to pay more taxes to keep up the roads.

The merchant must have goods from the wholesale house and he can get them quicker if they are shipped by truck. For example, suppose your wife wishes some fresh vegetables for dinner. She orders them from the

grocer and furthermore she knows they are fresh because a truckportation company makes daily trips from the growers and delivers them to the grocer fresh. Suppose the roads were bad and the truck was too late for your wife to get the vegetables for dinner and you are deprived of a good dinner. Now just suppose you had not traded at home, wouldn't this have been partly your fault.

Do you do yourself justice by trading at home? If you don't trade at home don't complain because your children are not happy. You may ask why? For this reason: If you trade at home the money stays here and helps you pay for the public playgrounds and parks. You, as a parent, wish to see your children bright and happy and these parks and playgrounds are the stimulus to better learning.

Set an example for your children that they may live better, and while you are setting an example for future generation you are saving up money for a rainy day. Trade at home. It is best in the long run.

Concord Hames, 3-inch single ply traces, 3 1-2 inch Back Band, 11-4 in. Belly Bands; all A1 home made goods for only \$33.00 a set. The same harness in 31-2 in. traces \$38.00

## LET'S HAVE NO MORE WAR

The greatest incentive of the  
American people in their whole-  
hearted support of the World War was  
the belief that Allied success meant  
the end of war, would be signed by  
the establishment of some interna-  
tional agency by which the cruel and  
barbaric custom of war could and  
would be curbed. But, the dream is  
being dispelled, and the plain people  
—those who pay for war in blood and  
treasure—see no real substance yet  
gained.

Considering the great glory and ad-  
vertisement which has surrounded war  
in the past it is a wonderful tribute  
to the sorrow and punishment it  
brings that the growth of sentiment  
has been so strongly against the sav-  
agery it exemplifies.

The trouble always with the world,  
sick as a whole of war slaughter, has  
been that it allowed its condemnation  
of the war practice to be entirely re-  
troactive, and only within recent de-

cades has the social mind began the  
practice of this condemnation in ad-  
vance. The delay of the United  
States in entering the World War  
was due almost entirely to this fact,  
for in the United State (as the 1916  
elections showed) the sentiment was  
an idealistic opposition to war itself,  
made practical by avoiding as long as  
possible.

One of the main weapons against  
the general art of war is full public-  
ity of all its details. The public is too  
often fed with pictures of smashing  
offensives, victorious generals and  
visions of a discomfited enemy rather  
than the personal details of the  
general slaughter, and a description  
of their own army's losses and suffer-  
ings. The Allied reading public  
for example, snatched eagerly at de-  
scriptions of battle in which the de-  
struction of the enemy was described,  
forgetting the fact that the same ad-  
jectives and descriptions were being  
used by German writers to picture the  
plight of allied troops to the German  
people. Both sides busily engaged in  
telling about the other fellow's troubles!

This practice of concealing or gloss-  
ing over the sufferings of warfare is  
passing. We are now coming to an  
era when even the failure of generals  
will be made public—but we haven't  
gotten yet to the place where these  
shortcomings are made known dur-  
ing the war. This is another recog-  
nition of the public's sickening of  
war and its slaughter, for governments  
have to exercise a strenuous censor-  
ship, or concealment, of the real facts  
of battle in order to keep their citi-  
zens willing for the war to continue.  
Of course, we recognize this necessity  
in wartime, and are pointing it out  
only to emphasize the general attitude  
of the public toward war.

Phillip Gibbs, a noted war corres-  
pondent, has just printed a book of  
war revelations, entitled, "Now It Can  
Be Told." His candor shatters some  
of the conceptions and pictures of

our militarists. Instead of picturing  
entirely the glory and greatness of  
commanders Gibbs has dared to call  
attention to their incompetency at  
times, when the penalty paid was  
thousands of human lives. Here, for  
example: "The 4th Austrian Division  
lost 3,000 men in an experimental at-  
tack directed by the Fifth Army."  
And, how do you imagine, the rela-  
tives of 3,000 men may feel? Or,  
again, from Gibbs: "Out of 3,000  
men in the Canadian 8th Army Brig-  
ade their casualties were 2,200." No  
wonder he can draw pictures of the  
"butcher's shop" where surgeons op-  
erate and throw out their cartloads of  
amputated arms and legs!

Our writers picture too much the  
glory of warfare. Our children are  
sucked in militarism from the infan-  
cy, histories are only a record of ar-  
mies in battle, whereas the art and  
achievement of civil life and industrial  
activity remains in technical  
books. Even preachers illustrate their  
talks about the Divine Love of Christ  
with illustration taken from the car-  
nage of battle. Phillip Gibbs has  
told a different story, he has brought  
out the other side of warfare, the  
side that military exigency and cen-  
sorship kept back until after Ger-  
many was beaten.

And so statesmen and rulers must  
answer to the people now that civil-  
ization though surviving at the point  
of the sword, is made secure, for any  
failure to guarantee against war.

## GUARDING THE PUBLIC HEALTH

A timely service to the public  
health and a conspicuous alertness for  
the best interests of the city are made  
manifest in the movement undertaken  
by Mayor U. S. Hearrell and the hon-  
orable city council of Cameron acting  
in conjunction with the State Board  
of Health to exterminate the mosqui-  
to and to improve sanitation general-  
ly.

The health campaign the most im-

portant and among the first of the of-  
ficial acts of Mayor Hearrell into  
whose hands the reins of government  
were thrust by a unanimous suffrage  
in the late election forecasts an active  
service to the city and reflects some-  
thing of the public spirit of the coun-  
cil.

The anti-mosquito campaign not on-  
ly tells something of the desire of the  
Mayor to improve sanitation in the  
city and to guard against disease but  
reveals a very pronounced menace to  
the public health, which, perhaps, with  
out the inauguration of the campaign  
would pass unheeded.

The health campaign has revealed  
bad conditions in sections of the city  
and has brought to light glaring ir-  
regularities in the drainage system of  
the city, the improvement of which  
will be one of the prime objects of the  
campaign. The Mayor has in mind  
legislation which will force sewerage  
and improve the drainage system. He  
also has in mind supplementary legis-  
lation which will require modern  
methods in sanitation.

The success of this health campaign  
will depend very largely upon the co-

operation extended by the rank and  
file of citizens. It is a worthy move  
and will result in a very decided  
benefit to the city.

## VISITS CAMERON

S. W. Ditto, Evangelist of Snyder,  
Scurry County, was in Cameron late  
last week on his return home from  
Ira, Texas, where he has just closed a  
very successful revival meeting.

Mr. Ditto is well known in Cameron  
and Milam county and his friends will  
be glad to learn of his visit. He de-  
clares the western country is in  
splendid condition with an ever in-  
creasing tendency to take the lead in  
development. He says that oppor-  
tunity waits for those who would  
come to the west.

If you want good work, bring your  
car to a good mechanic.—Wilkerson  
Bros. Garage, Phone 5.

Burlington user—14,500 miles in  
Goodrich Tire. Wilkerson Bros. Gar-  
age, Phone 5.

HEMSTITCHING WANTED — Send  
me anything you have to be hem-  
stitched. Satisfaction guaranteed and  
articles returned same day received.  
—Mrs. A. H. Lightfoot, Box 15, Rock-  
dale, Texas. 4-1t

## 3 million Dollars but— It bought MUSIC

No finer example of courage is known to the world  
of science than Thomas A. Edison's work in perfect-  
ing the phonograph. The skeptics rose in full chorus  
when he proposed a better phonograph,—an instru-  
ment "that could produce music as human as the ar-  
tists who first gave it utterance."

Mr. Edison's experiments exhausted the entire  
field of research in sound reproduction. He  
built and rebuilt until his final, perfected model  
cost him Three Million Dollars.

### And the Result?

Ask someone who attended the Betsy Lane Sheppard  
recital Tuesday night, April 27. There was the pub-  
lic proof. Miss Shepherd sang in comparison with  
the RE-CREATION of her voice by the New Edison  
and no one could distinguish the living voice from its  
RE-CREATION.

## THE NEW EDISON

"The Phonograph With a Soul"

If you love music you will agree with the enthusiastic  
audience of Tuesday night, April 27—the New Edi-  
son represents Three Million Dollars well spent.  
The soul of song is cheap at any price. Yet it is now  
brought within the reach of your pocketbook. The  
instrument used in the conclusive test is a duplicate  
of Mr. Edison's Three Million Dollar Model. It sells  
for \$295.

## "JUDY OF ROGUES' HARBOR"

### A Tale of Youth, Faith and Love

Book By Grace Miller White  
Scenario by Clara Beranger

DIRECTED BY WILLIAM DESMOND TAYLOR

With the fury of a tigress defending her young,  
Judy jumps at "Grandpop" Ketchel and Jim Shuck-  
les to protect her little cousin Denny from their  
incessant brutality.

She carries her troubles to the Lady of the Roses  
who lives in the haunted house. The Lady teaches  
Judy the power of faith and the wonder work of  
love—and in her little heart she resolves to win over  
with love her cruel grandfather.

"Judy of Rogues Harbor," is a story that carries  
with it conviction. It is full of intense situations,  
human interest, thrills, throbs, love and laughter.

#### OAKDALE NEWS

By Mrs. S. Hause

Oakdale, Texas, May 24.—Every-  
man in this part of the country is  
fighting the grass. One working one  
way and others working some other  
way.

Mr. Victor Wimberley of the Pros-  
pect neighborhood went to Sid Hause's  
Monday morning and got his mule and  
some gear and cultivator. I heard a  
man say yesterday he wished he had  
two or three cultivators for a day or  
two.

Mrs. Cook and daughter went Mon-  
day morning to Mr. Cook's at Rice to  
meet Mrs. Ferguson of Sweetwater.  
She has come to see her father and  
other relatives.

Hugh Wimberley went to see friends  
near Milano Sunday.

Little Elnora O'Neal cut her foot  
very badly one day last week. She  
is doing very well this morning.

Mr. and Mrs. John Thompson of  
Oakwood, Leon County, are with their  
son, and Saturday they went to Cam-  
eron with Mr. O'Neal. Mrs. Victor  
Wimberley went with them also. She  
had some dental work done. She  
went to Temple one day last week to  
have her eyes treated.

Mr. Theo. Ashebeck and mother  
went to Cameron Saturday morning,  
and from there Mrs. Ashebeck went  
to Temple to see her granddaughter,  
Miss Sophia Beckhusen. She reports  
her getting on nicely.

Mr. W. A. Belt and little daughter  
went to Cameron Saturday to see his  
wife, who has been at the Sanitarium  
for about seven weeks. She was so  
much better that he brought her  
home.

Mr. G. W. Batey went to Cameron  
this morning on business.

Mr. Worcester of Cameron, passed  
one day last week with a nice bunch  
of cattle, taking them to his pasture  
below Milano.

Mr. and Mrs. Eugene Hause spent  
a few days in Gause last week. They  
brought their daughter, Miss Johnnie,  
back with them Monday, and Sunday  
they all went to Rice to hear Bro.  
Russell preach. They heard two ser-  
mons and came back so they could go  
to work in the field. He said they  
had corn as high as his head.

Elbert O'Neal was in Cameron Sat-  
urday to see his sister, Mrs. Roy Haw-  
baker.

There were some of our men that

got put in for not dipping their cattle.  
It cost them somewhere about twenty-  
five dollars each.

Mr. and Mrs. Clyde Hensley were  
in the Liberty neighborhood last Sun-  
day to his grandmother and his moth-  
er, Mrs. Sallie Hensley of Houston.  
Mrs. Hensley came to see her moth-  
er, Mrs. Westbrook who is reported  
sick.

Mrs. Mike Turney of Gatesville, has

been to see home folks at Liberty.

Mrs. George Hardcastle of Gates-  
ville, has been at Liberty to see rela-  
tives.

Miss Fannie Miller of Alvin, is vis-  
iting friends at Liberty.

Mrs. Johnson and Miss Blanche  
Green of Pin Oak were trading in  
Cameron last Saturday.

Mrs. Mary Herbst of Pin Oak is sel-  
ling nice frying size chickens.

Mrs. M. J. Didd has returned to her  
home in Cedar Creek from Buffalo,  
where she has been spending some  
time with relatives.

Mr. and Mrs. Oscar Crawford and  
children went to see his father, Mr.  
Pete Crawford, in the Cone Switch  
neighborhood Sunday.

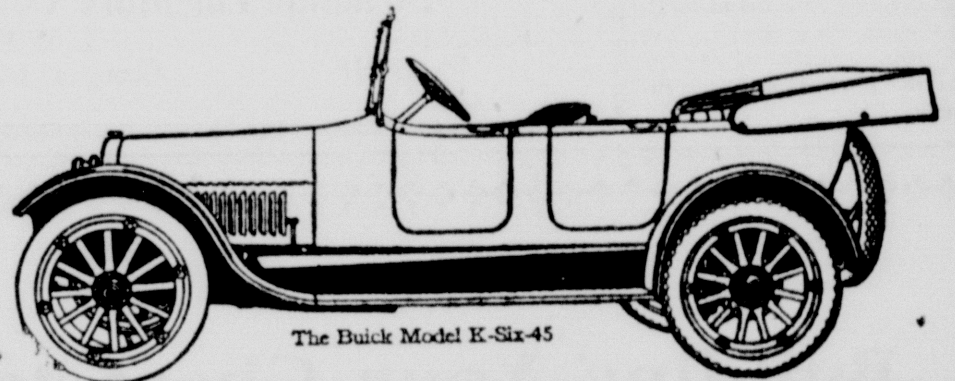

Mrs. Tom Henderson, Sr., and  
daughter, Miss Mary Lake, spent last  
Thursday in War.

**T**ODAY is your opportunity to  
place your order for delivery of a  
Buick Valve-in-Head motor car—to-  
morrow, next week, or longer delay  
may cause your waiting thirty, sixty  
or ninety days in securing delivery.  
Buick demands are increasing steadily  
each day—and present purchasing is  
advised as a protection in future motor  
car delivery. It is a vital and impor-  
tant subject that demands the imme-  
diate consideration of motor car  
purchasers, for Buick dealers already  
are receiving hundreds of orders for  
the summer and fall months.

Should you prefer earlier delivery,  
take advantage of to-day's opportu-  
nity in placing your order.

## FARMERS VIEWS ON STRIKES SET OUT IN COMMUNICATION

SOLEMN PROTEST AGAINST INJURY TO MILLIONS WHO PRODUCE AND HAVE NO RECOURSE.

Views of the farmer on the national strike questions are set forth in a communication from Washington signed by E. A. Calvin, Washington representative of the Cotton States Board, and others, received here by R. L. Batte, widely known and influential farmer, stockman and manufacturer in Milam County.

The communication which strikes a note of warning that the farmers' view national strikes as unjustifiable where the welfare of millions who produce is involved. The letter received by Mr. Batte is as follows:

So much has been said in justification of the organized strike that we deem it advisable to outline the position of the farmers of the country upon this all-important question at this time. We desire to discuss the question more particularly as applied to the railroads for the reason that the farmers are more directly affected by railroad strikes than strikes in other lines of industry or commerce.

The statement has been made so often and kept to the front so continuously that organized workers have inherent right to strike, when and wherever they please, that the public generally has accepted the statement as being true and, as a result, strikes have, in times past, received to some extent the support of public opinion. Recent events and happenings, however, indicate that the country generally is giving this question serious consideration and, as a result, there is a growing demand that some other method be employed to bring about the settlement of controversies between employer and employee. The demand is more pronounced on the part of the farmers of the United States than many other classes for the reason that they are affected more directly than most other classes. The farmers develop a section of country adapted to the production of perishable products. They spend vast sums

of money in building houses and barns, digging drainage or irrigation ditches and in bringing land up to a high state of productivity. Such land could not have been developed if the transportation facilities had not been such as to insure that the farmers could get their products to the markets of the country with the least possible delay and before they become unfit for consumption. What applies to the production of perishable products applies, in varying degrees, to the production of all other products and in no case could the farmers undertake to produce extensively, or beyond their own needs, if there were no facilities for transporting their products to the consuming centers.

On the other hand, no great city could be built up if it were not for the fact that those who live in them may depend, first, on the farmers of the country to produce an ample supply of food for all and, second, on the railroads or other transportation facilities to function properly at all times and deliver farm products to city consumers with regularity and as needed.

If the above is true, and no sane man will say otherwise, then it naturally follows that those who believe that labor has an inherent right to organize a strike believes that such organizations have a right to starve people of the cities to death, on the one hand, and to destroy property of the farmers on the other. No such right has ever existed and no such right exists now. It is economically unsound and the American people can and will work out some other method for the settlement of such controversies. No set of men has ever had the moral or legal right to destroy property or cause suffering by con-

spiring together, and the welfare of all the people must ever remain superior to that of any class or group of people.

A farmer produces a crop after months of toil and heavy expense, only to find, when it is ready to move to the market, that he is confronted with a strike and he sees the result of his work utterly destroyed while he stands helplessly by and witnesses the destruction. He acted in good faith in the production of his crop and he had every reason to believe that he would have no trouble in getting his products to the consuming centers and receive a reward commensurate with the labor and expense required to produce it, but the inherent (?) right to strike has robbed him of it all, and where is his remedy? He has none.

What would be the verdict of the people if the farmers of the United States should decide to go on a strike and refuse to supply the wants and needs of those who are not in a position to produce food and clothing for themselves? They would be condemned from one end of the country to the other, and the fact would be pointed out that they, as the owners and tillers of the land, had no right, either moral or legal, to bring about such a calamity. If the farmers who own and occupy the land have no such moral or legal right, then why should it be conceded by anyone that those who handle the farmers' products have a right to block the transportation or industrial facilities of the country and thus jeopardize the food and clothing supply of the nation? If the farmers have no such rights, those who handle his products have no such rights.

The farmers must look to Congress to solve this great question in the

light of fairness for all and not for the benefit of the few, at the expense and perhaps misery and suffering of all.

T. C. ATKESON,  
Washington Representative, the National Grange;  
GRAY SILVER,  
Washington Representative, American Farm Bureau Federation;  
E. A. CALVIN,  
Washington Representative, Cotton States Board;  
JOHN A. SIMPSON,  
President, Association State Farmers Union Presidents.

Mr. Eugene Wolf of Rockdale, was in the city Friday on business.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.  
F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.  
Hall's Family Pills for constipation.

## ...ANNOUNCEMENT...

In our temporary quarters near the old stand, we are receiving shipments of goods daily, and we can again supply our friends with practically everything in the line of Hardware and Implements.

We are fully prepared to furnish repairs for our "Standard" Implements.

## Most Miles Per Dollar

These Firestone words struck us as exactly expressing our ideas of service.

"Most miles per dollar" is a plain statement of fact—whether you apply it to the tires or to our work.

We believe that our business will grow, as your confidence in us grows. In our stock of Firestone tires, tubes and auto accessories, we have chosen carefully, bearing in mind always the standard, most miles per dollar.

Come in and let us prove it.

**BOX SUPPER AT BEN ARNOLD**

A box supper and cream supper will  
be given at the Ben Arnold School  
House Saturday night, June 5. The  
supper proceeds will go to the Ceme-  
tery Association. A special invita-  
tion is extended to candidates for pub-  
lic office to attend the supper.

A special invitation is extended to  
Cameron people to attend the supper.

We will receive Hogs Saturday and  
Monday at 100 pounds weight and up.  
R. L. Batte and Joe Schiller.

**GOOD-BYE DOBBIN**

Good-bye Dobbin. Horses are too  
slow for Akron retail coal dealers.  
The city is spreading out and long  
hauls over city streets hail the pass-  
ing of the horses.

Enter the motor truck. One of the  
largest retail coal dealers in the city  
is now delivering coal by truck on  
Goodyear tires. All horses were sold  
at auction recently.

We will receive Hogs Saturday and  
Monday at 100 pounds weight and up.  
R. L. Batte and Joe Schiller.

**BLAYLOCK TO TELL  
ABOUT CONVENTION**

MORNING SERVICE WILL BE DE-  
VOTED TO WASHINGTON MEET-  
ING HE ATTENDED

The pastor will speak at both ser-  
vices next Sunday. At the morning  
hour he will speak on the great con-  
vention at Washington. Those who  
are interested in the great work our  
people have done during the past year  
will enjoy the report of the conven-  
tion.

A certain paper published in Texas  
has given out a most distorted and  
exaggerated account of the Baptist  
convention at Washington. If you  
are interested in knowing the facts  
about the Washington convention,  
come to the Baptist church Sunday  
morning.

The evening service will begin at 8  
o'clock.

If you want good bright alfalfa go  
to the Oil Mill.

**TEACHERS' EXAMINATION**

An examination will be held in Cam-  
eron on Friday and Saturday, June 4  
and 5, for teachers' certificates of all  
grades, both County and State. The  
examinations will commence each day  
promptly at 9:00 o'clock. The usual  
fee of \$2.00 will be charged each ap-  
plicant.

**Schedule of Subjects**

Friday forenoon—Physical Geogra-  
phy, Physiology, Composition, Arith-  
metic, Literature, Solid Geometry.

Friday afternoon—Texas History,  
Grammar, Descriptive Geography,  
Plane Geometry, Psychology, Book-  
keeping.

Saturday forenoon—Spelling, Writ-  
ing, Method and Management, Civics,  
Reading, Chemistry, History of Edu-  
cation.

Saturday afternoon—United States  
History, General History, Agriculture,  
Algebra, Physics, Plane Trigonome-  
try.

Very Respectfully,  
JIM F. CHADWICK,  
County Superintendent.

When your breath is bad, appetite  
poor, and you feel "blue" and dis-  
couraged, you need Herbine. One of  
two doses will set you right. It is a  
great system purifier. Price, 60c.  
Sold by Pace-Marshall Drug Co.

**GLASS OF SALTS****CLEANS KIDNEYS**

If Your Back Hurts or Bladder Both-  
ers You, Drinks Lots of Water.

When your kidneys hurt and your  
back feels sore, don't get scared and  
proceed to load your stomach with a  
lot of drugs that excite the kidneys  
and irritates the entire tract. Keep  
your kidneys clean like you keep your  
bowels clean, by flushing them with a  
mild, harmless salts which removes  
the body's urinous waste and stimu-  
lates them to their normal activity.  
The function of the kidneys is to fil-  
ter the blood. In 24 hours they strain  
from it 500 grains of acid and waste  
so we can readily understand the vital  
importance of keeping the kidneys  
active.

Drink lots of water—you can't drink  
too much; also get from any pharma-  
cist about four ounces of Jad Salts;  
take a tablespoonful in a glass of water  
before breakfast each morning for a  
few days and your kidneys will act  
fine. This famous salts is made from  
the acid of grapes and lemon juice,  
combined with lithia, and has been  
used for generations to clean and

stimulate clogged kidneys; also to  
neutralize the acids in urine so it no  
longer is a source of irritation, thus  
ending bladder weakness.

Jad Salts is inexpensive; cannot in-  
jure; makes a delightful effervescent  
lithia-water drink which everyone  
should take now and then to keep  
their kidneys clean and active. Try  
this, also, keep up the water drinking,  
and no doubt you will wonder what  
became of your kidney trouble and  
backache.

For every purpose for which a lim-  
iment is usually applied the modern  
remedy, Liquid Borozone, will do the  
work more pleasantly. Price, 30c,  
60c and \$1.20. Sold by Pace-Marshall  
Drug Co.

# THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Bureau of Education, Department of the Interior.)

## The Wonderful Adventures of a Raindrop

"At length our stream joined a great, big, big stream. The stream was so big that we thought we had met the sea. But we had many, many miles to go yet, and many were the sights we saw. At length we rolled in a great, wide, slow-going, yet powerful stream, out to meet a moving mass of waters. We felt a shock go through us and a new salty tingle run into us. The moon's power drew us, too, with great force. "When the first shock came we had to drop a lot of our soil that we carried, and then we parted around a fan-shaped island that people called a delta. I wonder how many soldiers in the United States School Garden Army have gardens in the rich, rich soil like that of the delta! Where is New Orleans, Garden Lady? Somehow I fancy that the last great city we passed was New Orleans, and as we joined in that vast stream that bore us toward the sea I think I heard the waters whisper and say: "It is the Mississippi—the Father of Waters." And there are thousands upon thousands of gardens tended by the children of the United States School Garden Army in the States through which the great Father of waters passes."

"But now we felt a sock go thru us and a new salty tingle ran into us. The moon's power, too, drew us with great force. When the first shock came we had to drop more of our soil that we had carried. But finally I was out into the wavy course of the great ocean current that bore me to the great open sea.

"There my dreams and adventures were many—so many that I can't get them untangled from one another. But it was glorious!

"Now we knew the sky as we had never known it. It seemed to mingle with us, yet to be always calling us!

"Far, far off," we said, "the ocean and sky meet and mingle as the rivers did in the sea. And always we had dreams of some great joy that was coming to us out of that sky. Voices came to us out of those great spaces

—the breezes, the great sweeping winds, and the thunder called to us. We could not understand it all, but we were sure that some day we should rise into that other greater sea above us.

"One day great happiness filled us. It seemed that out of that sky somebody was smiling a warm, loving, golden smile on me. Somebody was calling to me without any sound, drawing me, trying to lift me. I felt that it was a lovely Sun Spirit who loved me. Then I felt myself grow full of warmth and joy. I became all light and floaty. I felt myself rising up! Up! Up! I left my heavy grains in the ocean. Oh, it was wonderful! Such warmth was all about me that I melted into the air, where I seemed to be rocked asleep at the heart of a golden mist in a warm, happy dream. Such a wonderful dream, Garden Lady!"

"A delightful coolness woke me and I found myself at rest in a great ship that floated lazily about on an ocean of air. A real Air Ship it was Garden Lady. The sun shone on it and turned it to gold or rose or purple. The moon shone on it and turned it to pearl and silver. There were millions of my companion spirits in it, and millions of sun spirits that played with them. So we sailed on over the air ocean, happier than we had ever been before. But—suddenly—a change came. A sharp coldness blew upon us. We shivered. We clung together for warmth. We could no longer find our sunbeam friends. All the lovely colors went out of our ship. We were blown about with great force. Something ran in sharp streaks right through and through us. Then—I felt myself falling—falling—falling—clinging to two or three of my sisters.

"I thought everything was over; but now I find myself in a beautiful place again, though far away from the ocean and the ocean-sky. "Here I am on the edge of this sunbeam-colored flower in the Garden of the Golden Girl. But voices still call me. My work is not done. I shall go down still further into the—into the—dark, dark earth, but something tells me I shall return again in a new form.

"Little thirsty rootlets, I hear you calling me down there. "I shall be drawn into this beautiful plant, and then come once more to the light in a golden blossom, and here again I shall meet the Sunbeam

Spirit that loves me still, and together we will work to create a new form full of blessing for the children of the earth! I seem to see in a new sort of dream, millions of lovely creatures—yes, boys and girls, Garden Lady, that's it—boys and girls of the United States School Garden Army to free me for—"

"But just then," said the Garden Lady, "a gleaming raindrop slipped from the squash blossom, and fell, with a little splash, to the ground, which seemed to drink it in greedily.

"I came to my senses with a little start," added the Garden Lady, "and a little gust of wind ran through the garden, shaking a shower of raindrops from the plants. The garden was full of freshness from the rain, and all sorts of earthy, green, flowery odors were rising like a silent prayer of thanksgiving. I remembered what I read in a book called 'Garden Steps' which said that if we could watch a root as it works its way through the soil, we should see it turn toward the nearest supply of water. In digging

out old wells, roots of trees have been found that have come more than a hundred feet to feed in the moist earth nearer the well. The tiny roots of the garden plants do the same thing on a smaller scale. They go toward the nearest water, wherever that may be. And so I thought that already the raindrop which had fallen into the ground near the lovely squash blossom was on its way to new adventures and was perhaps already close to some thirsty little root."—By Ethel Allen Murphy.

Driving Ease in a

# MAXWELL

is Due to Special Steels

Many who drive a Maxwell prefer it to a larger car.

They like its nimbleness, its quickness in getting under way, its peculiar ability to thread its way through traffic, its rare driving ease.

One can drive it farther in a day with less fatigue than many cars much larger.

The reason is clear: its engine pulls no superfluous weight.

Not a single unnecessary pound burdens it.

Special steels in a Maxwell

eliminate the useless weight—steels made to Maxwell's own formulae, which equal pound for pound those in any car built.

They have extra strength forged into them, and they provide lightness.

This is one reason why Maxwell has won public favor the world over as indicated by nearly 400,000 now in use. How marked the tendency today is recorded by a production of 100,000 for 1920.

# Cam-Hi Graduates Big Class As Year Closes

## Year Is Featured By Many Achievements for Education In Cameron----Commencement Exercises Friday Night.

With one of the largest senior bodies in its history the Cameron High School term for 1919 and 1920 has come to a successful close.

The graduating class finds achievement a sweet crown now that respite from the class room is come with its blaze of victory. Another page is written in the history of learning at "Dear Old Cam-Hi" and all Cameron today feels justly proud with those who have written success into their endeavors as a student body as well as the faculty, responsible for the success of the city's educational system.

Friday night at 8:30 o'clock in the high school auditorium the graduating exercises will be held, terminating a busy week crowded with events incident to commencement. Dr. C. E. Evans, President of the State Normal in San Marcos, will deliver the address.

To-night at 8:30 o'clock in the High School auditorium the Senior Class presents the class play, "Margery, the Society Mouse," a delightful four act novelette, with musical setting furnished by the Cam-Hi Orchestra and a grand, spectacular musical event.

The grammar grade exercises were held Wednesday night in the High School auditorium and the address was delivered by Hon. W. G. Gillis.

The Senior class play tonight will be under the direction of Prof. J. N. Crawford and Miss Clara Curtis, assisted by the Cam-Hi Orchestra.

The graduating exercises Friday night will be the last event of an interesting program which began last week with a number of recitals and exercises among the art departments of the school.

The successful year which is brought to a close with the graduating exercises is marked by achievements which will stand for all time as a monument to the educational life of the city. Not only has the term promoted harmony in all branches of the school system but it has seen the expansion of the school even to the construction of a high school building which is one of the finest in the entire State.

The successful term is a distinct compliment to the Superintendent, L. H. Kidd and his assistants in the faculty in every branch of the school.

The term has seen the best possible co-operation between faculty and the board headed by Dr. A. S. Epperson to whom the current number of the annual is dedicated.

The graduates for the 1920 term are as follows:

Winnie Dora Yoe, Valedictorian; Mildred Estell Chambers, Salutatorian; George Allen Hooks, William J. Parma, Jeff Thompson Kemp, Minnie May Foster, Kathleen Amelia Kelso, Freddie Lee Link, Gladys McLauren, Lenora Gladys Blackwell, Hazel Kirke Lyles, Jeffrie Marie Wilburn, Addie Marie Plate, Thelma Oliver, Laura Mary Adams, Annie Blanche Gore, Gladys Eugenia Harris, Rossie Crook, Howard Alexander McDonald, Katy Lucille Cone, Nyna Andrews, Helen Jayne Mayes, Margaret Jewell Osburn, Agnes Marie Chambers, Phrona Lillian Reaves, Martha Eleanor Sapp, Verna Lester Roberts, Lillian Earl Bragg, Grace Katherine Mangum, Gladys Lucille Wilson, Newton Joslin Robison, Ola Wilmoth McGuire, Juanita Marie Caldwell, Thomas Leland Denson, Terry Wiley, Gladys Lucille Blaylock, August Rufus Knipp, Vernon Ford Horstman.

### EBER FLINN ENTERTAINS

The Juniors and Seniors of the Cameron High School were royally entertained last Thursday night by one of the Junior boys, Mr. Eber Flinn, on Hefley Heights. There were seventy-five present on this occasion besides the High School faculty and Mrs. Lee Kidd. As the guests were assembling there were a number of Victrola selections played, and delicious punch served by Misses Harriet Flinn, Catherine Atkinson and Elizabeth Adams.

After all had arrived Miss Cain took charge of the program which had been prepared by her and a committee of Junior girls.

First, there was a letter contest, in which a letter of the alphabet was pinned on each guest and while mingling through the crowd words were made. Frank Plaster won out in this contest, making quite a vocabulary of fifty-five words and was given as a prize a large stick of candy striped in red and tied with the Senior colors of green and gold.

Next was a drawing contest, each was given paper and pencils and

### Commencement Program

The following is the program for the graduating exercises to be held in the High School Auditorium Friday night, May 28, at 8:30 o'clock:

1. Selection-----High School Orchestra
2. Invocation-----Rev. B. B. Blaylock
3. Salutatory-----Mildred Chambers
4. Class Oration-----Thompson Kemp
5. Class Song-----Senior Class
6. Valedictory-----Winnie Yoe
7. Address-----Dr. C. E. Evans, President of San Marcos Normal College.
8. Awarding of Diplomas-----Dr. A. S. Epperson
9. Benediction-----Rev. B. B. Blaylock

## RECITALS FEATURE CLOSING WEEK OF COMMENCEMENT

### PUPILS IN ART DEPARTMENTS APPEAR IN PROGRAMS--TERM GREAT SUCCESS

Interest in social affairs for the entire week and for several days preceding has centered about the closing of the school term for 1919 and 1920 and the graduation exercises in the literary and art departments of the school.

Commencement Week proper was inaugurated Tuesday and Friday nights of last week when Miss Hillman, director of the expression in the art department of the school, and Miss Curtis, director of voice in the art department of the school, gave a joint recital of their pupils Tuesday night at the auditorium. The program consisting of more than thirty numbers was roundly applauded by crowds which filled the auditorium on the two occasions to hear the recitals.

The departments of instruction over which Miss Hillman and Miss Curtis have presided for the fiscal term have been successful to a most commendable degree and no greater tribute can be paid to these branches of the arts than that which was paid by the pupils in to excellent manner in which their talents were shown in rendering the program.

It was necessary to render a double program dividing between Tuesday and Friday nights because of the extent of these departments in their respective arts and the number of pupils enrolled.

### MUSIC DEPARTMENT

One of the outstanding features of the exercises of the week was the musical recital rendered by the pupils of Mr. Robert Smith, who is director of the music department in the school. This recital was given Monday night in the auditorium at 7:30 o'clock.

Thirty numbers made up the program of the evening and the proficiency shown by the pupils under the tutelage of Mr. Smith provoked much applause and has been commented upon largely in music circles in Cameron.

The following pupils took part in the program:

Mabel Akin, Lucille Scarborough, Ruby Caton, Lucille Ingram, Margaret McDermott, Mary Hawkins, Maurine Cliton, Jennie Tyson, Mary Young, Winnie Yoe, Helen Mays, Blanche Gore, Agnes Henderson, Katy Cone, Alta Klawansky, Mildred Chambers, Gladys Harris, Dora Emily Moore, Gladys Davis, Bessie Eloise Avera, Geraldine Slaughter, Elizabeth McDermott, Bernice McLerran, Ethel Green, Isabelle Brewer, Florence Hobson, Kathryn Robbins, Lola Clinton.

Tuesday night the music pupils of Miss Ruth Sprinkel gave a piano recital. This recital was one of the outstanding musical events of the week and one of the most interesting of the recital programs. The department of music over which Miss Sprinkel has had charge for the past year has made rapid progress and credit is reflected to both teacher and pupils.

Following pupils took part in the program:

Ethel Collins, Dorothy Blaylock, Kathrine Atkinson, Moselle Bigbee, Mary Estell Meyers, Ruby Hamilton, Marguerite Ford, Mary Sue Walker, Maggie Reed McCown, Reba Young, Harriett Flinn, Vance Slocum, Cora May Link, Gertrude Berglund, Louise Luce, Agnes Macal, Christine Kubecka, Louis Johnson, Cornelia Gunn, Elsie Blaylock Paul Werner, Cecile Klawansky, Gussie and Laurine Hubert, Frances Looney, Annie Howell, Nellie

## SUCCESSFUL TERM GRADED SCHOOLS

SPLENDID HARMONY IN ALL BRANCHES AND PUPILS ADVANCE RAPIDLY

With the graduation exercises of the grammar school class Wednesday night the graded schools of the city brought to a close one of the most successful years in its history.

Both from the standpoint of attendance and successes attained by the students the year has been remarkable. The graduation exercises were held in the high school auditorium and the address was delivered by Hon. W. G. Gillis.

The graded schools of the city were under the direction of Prof. W. J. Walker. The additional personnel of the schools is as follows: Miss Ada Henderson, Miss Ruth Henderson, Miss Edna Sprinkel, Miss Jewell Joslin, Miss Estelle Coleman, Mrs. Ada Gilliland, Mrs. Bessie Lowe, Miss Ethel Carroll, Miss Miss Susanna Jackson, Miss Olive McGhee, Mrs. J. N. Crawford, Miss Gladys Walker.

Following is the program rendered at the exercises Wednesday night:

Invocation, Rev. Ira F. Key; Class Song, Class; Salutatory, Emory Gunn; Class History, Rosalie Baskin; Trio, Eloise Rogers, Mary Sue Denson, Lillie K. Beckerman; Class Oration, Richard Vest; Class Prophecy, Clifford Barmore; Song, Glee Club; Presentation of Robe, Billie Hefley; Acceptance of Robe, Ruth Kemp; Valedictory, Francis Morrison; Address, Hon. W. G. Gillis; Awarding of Diplomas, W. J. Walker; Benediction, Rev. Ira F. Key.

## COMMERCIAL COURSE FOR HIGH SCHOOL

PLANS FOR FUTURE INCLUDE BUSINESS TRAINING FOR STUDENTS OF SCHOOL

Prominent in the plans for the future of the Cameron High School is the decision to inaugurate a system of teaching commercial courses. This announcement was made three months ago by Prof. J. N. Crawford, principal of the school.

While no arrangements have been made to begin the course with the current school term it has been decided to make this course one of the many educational advantages to be had in Cameron.

When the course is installed a special faculty will be employed to teach the subjects which will embrace many lines of commercial activity, making it possible for students who take the course to finish high school prepared for entrance into the business world.

A special section in the new high school building will be set aside for the commercial courses and all equipment necessary for teaching the subjects will be installed.

We have a larger force and improved equipment and are able to give the quickest and best service in cleaning and pressing.—Collins & Mitchell.

# CARRANZA BRUTALLY SLAIN BY OWN MEN WHILE ASLEEP

DEPOSED PRESIDENT SEEKING  
REFUGE IN MOUNTAINS  
MEETS DEATH

Mexico, City, May 22.—President Venustiano Carranza, who, with a small party of followers, has been a fugitive in the mountains of Puebla since late last week, was killed at Tlaxcalantongo early Thursday morning, according to official announcement here. Several companions, the names of whom are unknown, also were killed.

Reports received here early this morning state that General Juan Barragan, chief of the presidential staff; Ygnacio Bonillas, former Mexican Ambassador at Washington; General Mariano Gonzales and General Frederico Montes, who accompanied President Carranza in his flight from San Andres, are safe. No mention is made of the others in the party, which, it is believed, included Luis Cabrera, Minister of the Treasury; Alfonso Cabrera, his brother, Governor of Puebla, and General Murguia, who acted as commander of the Carranza troops after the President had fled from the city.

Orders have been given that a train be taken to Beristain, the nearest railway point to Tlaxcalantongo, to receive the bodies of those killed in the encounter in the encounter in which President Carranza lost his life. The body of Carranza is due to arrive here this evening. The six other victims were buried at the scene of the battle.

Permission has been granted relatives of the late President for private interment of his body. These include his daughters, Julia and Virginia, the latter the wife of General Candido Aguilar.

There is still uncertainty regarding Carranza's companions who were killed. It is believed, however, they were General Francisco Urquiza, Undersecretary of War and Marine; Luis Cabrera, Secretary of the Treasury and his brother, Alfonso Cabrera, Governor of Puebla; Manuel Aguirre Berlanga, Secretary of the Interior, and General Pilar Sanchez.

General Rodolfo, Herrero, it is said, directed the attack. He belonged to forces commanded by General Francisco Madriel, who accompanied Carranza in his flight from this city, but who last week deserted Carranza and joined the revolutionists.

There is some uncertainty regarding

the exact affiliation of General Herrero. He was in rebellion against Carranza for several years, centering his operations in the State of Puebla. He surrendered last March to General Mariel, who was in command of Government forces in that State.

When General Mariel went over to the revolutionists last week a portion of his troops, it is known, remained loyal to the President, and belief exists that Carranza might have taken along with him in his flight toward Tuxpam Herrero's forces, which finally turned against him.

Tlaxcalantongo is a small village in the vicinity of Huachinango, in the northern "panhandle" of the State of Puebla. It is approximately eighty-five miles from San Andres, where Carranza left his forces and took refuge in the mountains.

Lieutenant Colonel Cardenas, who for three years commanded the garrison at Necaxa, near the scene of Carranza's death, and who is now here, is quoted as denying General Herrero was once a Federal officer. Under Huerta, he says, Herrero commanded volunteers from his own town and that this was his only connection with the Federal Army.

General Herrero, Lieutenant Colonel Cardenas reports is a former follower of Manuel Pelaez and surrendered March 8 to General Francisco de P. Mariel, who was with Carranza at his death.

When the Sonora split occurred, he added, Herrero protested admission to President Carranza.

Mexico City, May 23.—A dispatch received from Juan Barragan, chief-of-staff of President Carranza, says Carranza met his death at the hands of General Rodolfo Herrero's forces at Tlaxcalantongo. The dispatch did not give the exact date. The dispatch follows:

"Villa Juarez, State of Puebla, May 22.—To General Alvaro Obregon. Referring to your telegram of this date, Herrero joined the column at Patla, professing loyalty. Arriving at Tlaxcalantongo, Herrero offered hospitality to Carranza, placing sentinels who knew the terrain. At 4 o'clock in the morning his men abusing the confidence in them, surrounded the shelter where Carranza was sleeping, firing their rifles furiously into the hut. Everyone offered resistance, although with the natural demoralization caused by the unexpected attack.

General Francisco Murguia fought

valiantly, repulsing the traitors who surprised the defenders when they were leaving their shelter to attack the enemy.

"The unexpectedness of the attack enables us to clear our military honor. The defense was so general that the attackers were forced to take sixty prisoners, among them Mario Mendez, Paulino Fontes, Gil Garias, General Heliodoro Perez, Colonel Gomez, General Villala and Carranza's military aid."

(Mendez was formerly director of the national telegraph lines. Fontes was former director of national railways and Senor Garias was Carranza's private secretary.)

"Our conscience is clear. Our grief for the death of the President is inconsolable. We are satisfied that we did not abandon him for one moment. The few men wounded and the dead is explained by the fact that the attackers planned their crime, knowing the place where the President was sleeping. The loyalty and courage of the President's followers were useless against the treason of those criminals."

The message was signed by Barragan and Mariano Gonzales, Frederico Montes, Francisco de H. Maria and others. The flags of the American Embassy and all the other embassies and legations were placed at half mast when news of Carranza's assassination arrived.

President Carranza and General Morales Y. Molina were the only persons killed at Tlaxcalantongo, according to newspaper dispatches today. General Rodolfo Herrero is quoted as saying he only desired to kill Carranza and Ygnacio Bonillas. General Molinas conducted the military trial of General Roberto F. Cujado, former commander in chief of

the forces of Emiliano Zapata in Hidalgo, who was accused of dealing with the rebels. He is said to have been mistaken for Bonillas.

The dispatches add that the three Generals and two members of the Carranza Cabinet, who at first were reported killed have disappeared and probably are in hiding.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

## CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

### TWO RECITALS

On last Tuesday and Friday nights Misses Curtis and Hillman presented two beautiful programs in which all of their pupils took part, all of whom did their parts well, showing the faithful, patient, and efficient work of the teachers. There were too many to mention each one separately, for there were dozens of them and there were as many happy fathers and mothers present to enjoy the music and readings given by their children.

### SYMPHONY CLUB

Saturday afternoon of the 15th Mrs. W. A. Bonds was charming hostess to the Symphony Club. Subject for the afternoon was the life and operas of Franz von Suppe, and was conducted in an interesting and instructive way by Miss Winnie Henderson. The following program was rendered:

1. Overture; 'Poet and Peasant,'—Mrs. R. P. Jeter and Mr. Robt. Smith.
2. Sketch of the life of Suppe—Miss Winnie Henderson.
3. Selection from 'Baccaccio'—Mrs. R. P. Jeter.
4. 'The Coopers Song'; from Baccaccio—Miss Clara Curtis.
5. Story of the opera, 'Baccaccio,'—Miss Mary Lake Henderson.
6. Selections from 'Fatimitaza,'—Mrs. R. P. Jeter.
7. The Bell Songs; from 'Fatimitaza,'—Miss Clara Curtis.
8. Story of the opera 'Fatimitaza,'—Miss Mary Lake Henderson.
9. Overture from 'La Pique Dame,'—Mrs. Jeter and Mr. Smith.

After the program Mrs. Bonds, assisted by her sister, Miss Lorena Ruby served delicious cream and cake. Guests other than club members were: Mrs. Walter A. Newton, Miss Lorena Ruby and Mr. Robt. Smith. There will be an informal meeting with Mrs. Roy Jeter the fifth Saturday in May when the club will disband for the summer.

### SCRAP BOOK CLUB AT ROCKDALE

Mrs. W. E. Gaither was hostess at this delightful 42 club last Wednesday afternoon and several Cameron ladies motored over and were additional guests. They report a beautiful party, a delightful time, and delicious refreshments. Those attending were Mesdames Jim Watson, Oxsheer Smith, Tom Henderson, Jr., and Misses Mary Lake and Winnie Henderson.

### D. A. R.

The Sarah McCalla Chapter of D. A. R. met last Wednesday with the Regent, Mrs. B. J. Baskin.

The object of the meeting was to discuss the marking of the old historic spot of Old Nashville. Once in the days of the Republic Old Nashville was the capital of Texas and county seat of Milam County.

Miss Winnie Henderson was appointed chairman of a finance committee to raise money to erect a boulder of some kind on the left side on the banks of the Brazos River. Old rocks now resting on the spot may be used.

The inscription was not decided.

TURN HAIR DARK  
WITH SAGE TEA

If Mixed With Sulphur It Darkens  
So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use products, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can dis-

### PRESBYTERIAN CHURCH

At the Sunday morning service the congratulations of the church will be extended to the young people of the church and congregation who are this year graduating. After this special feature there will be a sermon by the pastor. Usual service Sunday evening at 8 o'clock. Come and enjoy the services with us.

H. R. MACFADYEN, Pastor.

cover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Bring on your Overland and Ford work. Parts in stock for other makes it.

## BIG REALART FILM AT THE WONDERLAND

"JUDY OF ROGUE'S HARBOR" BY  
GRACE MILLER WHITE COM-  
ING TUESDAY

"Judy of Rogue's Harbor," adapted from the story of Grace Miller White, will be presented at the Wonderland Theater here Tuesday, June 1.

The great host of fiction readers who have burned the "midnight oil" when they read the masterpieces of fiction, will flock to the theater to see the film versions of this favorite book.

The portrayal of Judy by the inimitable Realart Star, Mary Miles Minter, holds the audience spell-bound producing chills that creep up the back one minute, and provoking hysterical laughter the next. Thrills, suspense, tears and laughs abound throughout this film drama.

Miss Minter is supported by a cast of stage and screen favorites whose work before the camera has met with public approval. Film fans and fiction lovers will find in the film version of "Judy of Rogue's Harbor" a picture to be long remembered.

### ROARING COMEDY SUCCESS

#### AT CHAUTAUQUA

"Nothing But the Truth" takes up a whole evening. The play has always been the most popular single feature of the Chautauqua, judged by attendance. "Nothing But the Truth" is the funniest comedy Redpath-Horner has yet offered and one of the most recent National successes of the famous comedian, William Collier. The plot is excellent and very fast. The lines are extremely clever while the situations create gales of laughter.

The hero, a young broker, faced with the task of doubling ten thousand dollars in twenty-four hours, wagers that he can tell nothing but the truth for an entire day. His friends with whom he makes the bet, are considerably more sophisticated and experienced along the line of skillful and gentlemanly lying. He is obliged to answer reasonable questions by the terms of the agreement, and his friends inject him into a number of situations which literally "knock him cold." Truth surely proves itself "stranger than fiction." The cast is from New York. The staging is excellent.

### WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kidneys would bother me by acting too freely. There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

60c at all dealers. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

## DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and  
Acts Like Dynamite on  
Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

### MILANO NEWS

By Chas. Howes.

The writer has just returned from a short visit to Conroe and Weldon. My niece, Mrs. E. C. Oates has been quite ill at the Sanitarium at Conroe.

It was quite a pleasure to pine trees once again after living in East Texas from 1890 to 1910—twelve of the happiest years of my life. However, I did not happen to meet more than half dozen old time friends that I left there in 1910. People seem to move around more in East Texas than they do in Milam county. Those who do stay permanently there, seem to prosper better on a general average than old timers have here. After all it is the man and not the location that determine results.

I saw Dr. Gough, for some time our popular Milam physician at the Allen farm, where he is now located in a contract practice.

My brother, Geo. Howes, and his son-in-law, C. R. Jenkins, have large farms in the Trinity bottom, 4 miles out from Weldon, but I was a little sick and fagged out in Weldon—and I failed to get out to the river bottom. Mr. Jenkins claims to have the best cotton crop in Houston County. It has been chopped out about a month.

Neither Weldon or Milam are as bad places as represented. The trouble with little places seem to be this: People without capital to do anything with and without any business ability who actually could not pay their rent or keep their doors open 60 days in towns like Cameron or Palestine come to small towns and remain there for years in the way.

We had two or three examples in Milam and I was informed they had them at Weldon that demonstrated the fact that if a man with capacity enough to do a satisfactory business anywhere and means enough to do business with goes to a small town he will do nearly as much business in a small place as in a large place, and at a small expense, and the net results may probably be better.

The crops in the piney woods are not much better as to size than here in the postocks but the stand seems to be better, both corn and cotton and the fields not quite so weedy as they are here. Fruit and vegetables seem to be better and plentier down that way. I saw a few ripe peaches (home grown) at Weldon and all kinds of other stuff.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

Your car will run better with good cylinder oil. We have pure Penn Oil. Wilkerson Bros Garage.

### WOULD GIVE FIVE

#### DOLLARS A BOTTLE

"I would give five dollars a bottle for Tanlac before I would be without it," said Joe Owens, division superintendent of the Memphis Street Railway, whose address is Box 131, Memphis, Tenn.

"I was getting in mighty bad shape with stomach trouble," he continued, "and was all broken down and tired out, I was so nervous and had such awful headaches that I could hardly sleep or rest; I could eat but little of anything, for nothing agreed with me; I was simply down and out and don't believe I could have kept my job much longer if I hadn't got hold of Tanlac."

"Since starting in Tanlac I have gained five pounds, I eat and sleep just fine and it has strengthened me up and made me feel much better every way that I can't say enough in its praise."

"Tanolac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milam by E. C. Smith and in Burlington by the New Drug Store."

### ELECTION NOTICE

#### THE STATE OF TEXAS

County of Milam.

Notice is hereby given that an election will be held on the 29th day of May A. D. 1920, at Walkers Creek School House in Common School District No. 61 of Milam County, Texas, as established by order of the county board of trustees of date the

day of \_\_\_\_\_, 19\_\_\_\_, which is of record in Book designated Records of School Districts on page \_\_\_\_\_ to determine whether or not a tax of and at the rate of 20c on the \$100 valuation of taxable property in said District shall be raised to 50c on the \$100 valuation for the purpose of supplementing State School funds apportioned to said District and to determine whether the commissioners' court shall be authorized to annually levy, assess, and collect said taxes for school purposes.

G. T. Hightower has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of this county as is required by law for holding a general election. All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax." And those opposing shall have written or printed on their ballot the words:

"Against increase of school tax." Said election was ordered by the county judge of this county by order dated the 3rd day of May A. D. 1920, and this notice is given in pursuance of said order.

Dated the 3rd day of May A. D. 1920.  
L. L. BLAYLOCK,  
1-4t. Sheriff, Milam County, Texas.

## TEXAS COMPANY

JOHN BROCK, Agent  
Headquarters Bartz Sales Stable  
CAMERON, TEXAS.

# MORE THAN TWENTY PER CENT OFF

John Wannamaker, the Merchant Prince, started something when he announced a Special Reduction of 20 Per Cent on the selling price, simultaneously at his New York and Philadelphia stores. When questioned by a newspaper reporter as to his motive in doing so in the face of an advancing wholesale market, his reply was that he was doing it "for the benefit of the people, in order to break the backbone of the high cost of living." If you wish to believe this, no one can deny you the privilege. However, that backbone is still as solid as it was before.

We are going to go Mr. Wannamaker one better on some items in our store, and we have two reasons to give, which you will find no trouble to get yourself to believe.

*First Reason: We Have Too Much Merchandise*  
*Second Reason: We Need the Cold Hard Cash*

Either one of these two reasons would justify us to put on a Sale with prices reduced, but both of these reasons combined, make a sweeping Price Reduction imperatively necessary, and in consequence, we stand ready and willing to take our medicine cheerfully.

**Sale Opens Saturday,  
May 29th**

**Closes Saturday, June 19th**

There will be no lower prices on this class of merchandise, so do your shopping now.

**33 1-3 PER CENT REDUCTION**

**Read This Carefully**

**Sale Opens Saturday,  
May 29th**

**Closes Saturday, June 19th**

If you want to Save Money, or invest your money profitably,  
you will come early.

**50 PER CENT OFF**

**25 Per cent Reduction  
On Men's Three-Piece Suits**

**CASH ONLY---WE NEED THE MONEY**

**Take Advantage of  
Present Price  
Reductions**

The following is quoted from a well posted authority on all matters of finance and commerce:

"Wholesale jobbers in Boston and manufacturing centers consider the cut in prices inadvisable, and calculated to cause some retailers to sacrifice goods that cannot be replaced." "It must be borne in mind that there are very large quantities of goods now in process of manufacture, the cost of which is fixed by contracts, and which will be delivered throughout the remainder of 1920 and some later."

**"Retailers should not look for any definite break in prices as a consequence of their own price reductions."**

"Price reductions, when they do come in the wholesale markets, will be due to cause of an entirely different nature. Lack of demand for merchandise, a surplus of labor and production in some lines, and other conditions of a like order, will have to be the primary means of reducing the cost of goods to the merchant, and by him passed on to the consumer."

**The above from one of the best posted men in the wholesale business.**

It means that if the consumer would be wise now is the time to make his purchases, and get some financial benefit out of this temporary flurry.

\$30.00 Silk Dresses.....	\$15.00	\$60.00 Silk Dresses.....	\$30.00
\$35.00 Silk Dresses.....	\$17.50	\$65.00 Silk Dresses.....	\$32.50

## J. P. Werner & Company

NEAR SANTA FE DEPOT

CAMERON, TEXAS

### LOCAL AND PERSONAL

Mrs. J. S. Adams of Tyler was in Cameron from Wednesday to Saturday of last week, on business. While here she visited in the home of her brother, Mrs. R. G. Vaughn.

Elbert Martin returned Saturday of last week from Tyler where he went on business. Mr. Martin left Cameron Friday for Tyler. On his return trip to Cameron Mr. Martin stopped in Waco and while there visited Postmaster McCullom and other friends in the federal building. Mr. Martin is connected with the local postal service. His visit to Tyler was for the purpose of closing up some business matters in connection with the sale of oil leases in Milam County.

Mr. and Mrs. Elbert Martin of Cameron will leave the city Friday night for Houston, where they will spend a week's vacation given by the federal service with which he is connected in Cameron. They will return to Cameron June 7.

Harvey Caldwell of Ardmore, Oklahoma, son of C. C. Caldwell of Cameron, was in the city Sunday visiting with homefolks. Mr. Caldwell is a Milam County boy and his many friends here were glad to see him. He is accountant and auditor for the Cameron Refining Company with headquarters in Ardmore.

T. B. Wooten, who has been a resident of Cameron for the past several years and who was formerly engaged in the baking business here, has moved with his family to Waxahachie.

Dr. T. G. Van Zandt of Cameron has returned from a several weeks' stay in New Orleans where he attended a special lecture course at one of the medical colleges there. On his return to Cameron Dr. Van Zandt visited in San Antonio. Dr. Van Zandt has recently been named public health officer for Cameron.

Mr. and Mrs. Jeff Hefley, Jr., of Thorndale, were in Cameron this week for a few hours visiting with Mr. and Mrs. Jeff Hefley, Sr.

J. S. Barmore of Waco, was in Cameron Monday looking after farm interests in the Maysfield section. Mr. Barmore was a former resident of this county, moving to Waco several years ago for the health of Mrs. Barmore.

Mrs. Jim Miller of Temple has returned home after visiting Mrs. Mary Randolph.

We recharge, repair and rent batteries. Wilkerson Bros Garage.

Mrs. Seth Corley and son of Buckholts, were here Tuesday visiting in the home of Dr. and Mrs. Newton.

The friends, both young and old, of Miss Lois Stribbling will be glad to hear her injured knees is very much better and she hopes to be able to walk soon.

Mrs. Walter Sharpe has returned from Teague where she attended the M. E. Convention.

Mr. and Mrs. Marvin Pugh and children passed through Cameron en route from Ben Arnold to Thorndale.

Mrs. Jim Sedberry and son, of Galveston, are in the city, the guests of Dr. Jone Hubert's family.

Mrs. Louise Hertenberg of Marlow, was shopping in our city Tuesday.

W. Klawansky this week starts the most remarkable sale on dry goods in recent years in Milam County. Turn to the double page ad in this issue of The Herald and read of the wonderful bargains.

Miss Inez Casey has returned to her home in Rockdale after successful operation in the Cameron Hospital.

Miss Lois Casey spent the week end in Rockdale.

An attack of heartburn or indigestions calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price, 60c. Sold by Face-Marshall Drug Co.

Mr. G. B. Tracy from over near Thorndale was in Cameron Tuesday of this week on business.

Messrs. John W. McCoy and M. M. Gilchrist were in Cameron Tuesday as witnesses on the Jim Dykes case.

Mr. Jim Terry was a business visitor in Cameron this week.

Mr. Dan Gilliland of Tracy was in Cameron on Tuesday of this week on business.

Mr. C. O. Smith of Austin, was visiting relatives in Cameron Sunday.

Mr. and Mrs. Tom S. Henderson, Sr., are attending the State Convention at Dallas this week.

Dr. Moses Jones of Austin was in Cameron on Tuesday of this week on business.

Teague, in the interest of Missionary Work, being secretary of the Marlin District.

Miss Neppie Newton, who has been attending school the past term will return to her home in Austin Sunday.

Read the double page ad of W. Klawansky in this issue of The Herald. As high as fifty per cent off on fine merchandise. A most wonderful sale in the face of advancing wholesale markets.

#### A Tonic Laxative

that will remove the bile from the liver and cleanse the system THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

#### LAX-FOS WITH PEPSIN

### What's become of the prejudice against automobiles because they frightened the horses

**N**OW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

II

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in Service.

Service is what the car owners of this community are looking for nowadays.

And especially the *small car* owners, who put service

first in figuring their motor-ing expenditures.

III

Just because a man has a moderate-price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good* tire service as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large and small*—are coming to us every day for U. S. Tires.

IV

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Mr. Earl Leach was in Tracy Sunday evening on business.

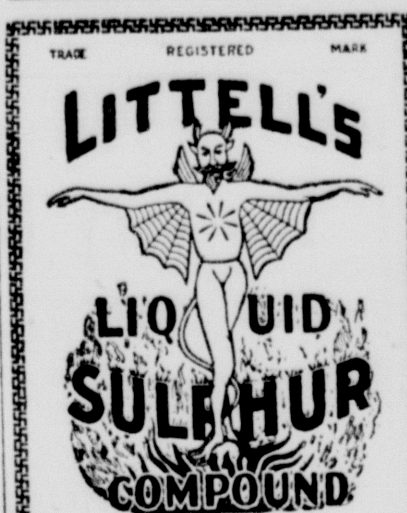

Dr. and Mrs. W. H. Lyons have gone to McGregor after a short visit in the city with Mr. and Mrs. Alex Beasley.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Sold by Pace-Marshall Drug Co.

Mr. Hillary Stedman visited in Taylor on Sunday.

**The Quinine That Does Not Affect The Head** Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

**Piles Cured in 5 to 14 Days** Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

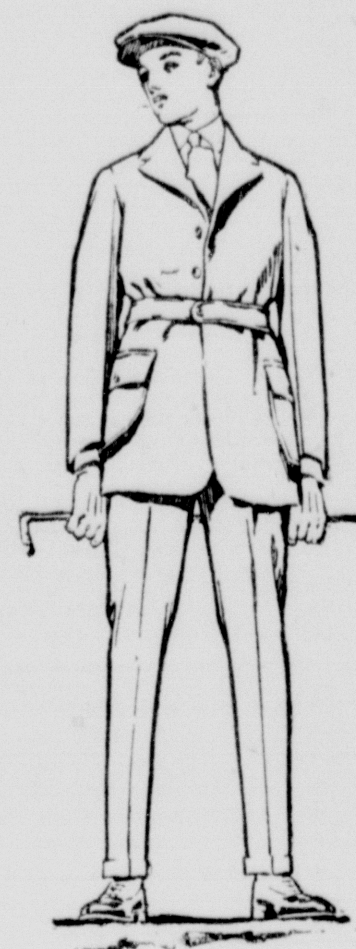

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00. JAMES F. BALLARD, Prop. St. Louis, MO.

Mr. and Mrs. Jeff T. Kemp were in Dallas Tuesday attending the State Democratic Convention. They were delegates from Milam County to the Convention.

666cures Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the parasite that causes the fever. It is a splendid laxative. It is a splendid laxative and a general tonic.—adv.

## "Pay the Dollar---Or Pay the Doctor"

## ROCKDALE OIL NEWS

Ed Hewitt, Houston promoter, has taken charge of the Davidson Creek Oil Company, proposition and will endeavor to resume drilling operations down there. Mr. Hewitt has Houston oil men interested and if sufficient acreage can be added to the present holdings of the company a thorough test will be assured. This test recently shut down at less than 200 feet after having several good showings of oil strong gas pressure.

W. A. Quebedeaux informs us that he has sub-leased one-half of his Bauer lease to Burgess and Morgan, who are "real" oil men and who will immediately make a thorough test. Mr. J. M. Morgan is a practical and experienced oil man and left last Friday for the Sipe Springs field in West Texas where he will load a cable rig and ship it to Rockdale. This insures an early development of this tract.

Driller Wyatt spudded in on the Quebedeaux tract in the Tracy field last Thursday, and at this writing is setting surface casing at 60 feet, using eight-inch casing. This will be a shallow well.

H. Welge, of San Angelo, was here Sunday on business for the Avo Oil Company. This company is now drilling on their Gilliland lease at around 300 feet. They have had several holdings and expect to complete a shallow oil well in a few days.

The derrick for the New York Texas Oil Co., on the Brow tract west of Rockdale, has been completed and the drillers are now awaiting arrival of the boiler and engine for their big Standard rig. These articles have been delayed en transit. Messrs. Derrick and Boyer, of Temple, pro-

motors, were here last week, and stated that the work would be pushed as fast as possible.

The Cameron Herald announces that Judge W. S. Stanfield of Tulsa, Ok., has secured a lease on the big Watt farm and has made a location for deep test. Timbers for a 96-foot derrick being hauled out and the rig is expected shortly.—Rockdale Reporter.

### NOTICE IN PROBATE

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Milam County—Greeting:

## The World's Largest Tire Factory Building 30x3, 30x3½ and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure  
Fabric, All-Weather Tread..... \$23.50  
30x3½ Goodyear Single-Cure  
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50
